The Datsun 240Z was a landmark in automotive history--some say the Japanese E-type Jaguar--and by the time the first generation of Z--cars came to an end in 1978, everyone around the world knew the name Datsun and that the company was serious about sports cars.

Details of modifications to improve handling based on years of Autocross racing experience, (includes topics such as wheel alignment, eliminating bump steer, tires, solid mounts, weight, and others). Also describes in detail engine upgrades, including a 3.4L V6 swap, turbocharging, a 5.7L V8 swap, and adding nitrous oxide injection. Topics include eliminating spark knock, calculating horsepower, selecting turbocharger, CE (Compressor Efficiency), MAP sensors, fuel injectors, upgrading fuel system, custom headers, improving airflow, VE (Volumetric Efficiency), and many, many others. Written by an engineer. Includes detailed wiring diagrams, graphs, tables, weights, formulas, dyno test results, and plenty of photographs. A How-To style book. An Excel spreadsheet (for calculating turbocharger performance) described in the book can be downloaded from the Preview section below. Right click on the Preview this book link and then save it to your computer using Save Target As.

Car values fluctuate wildly, never more so than in our current economic environment. Pricing information is a must for collectors, restorers, buyers, sellers, insurance agents and a myriad of others who rely on reliable authoritative data. With well over 300,000 listings for domestic cars and light trucks, and various import vehicles manufactured between 1901 and 2012, this is the most thorough price guide on the market. This invaluable reference is for the serious car collector as well as anyone who wants to know the value of a collector car they are looking to buy or sell. Prices in this must-have reference reflect the latest values, in up to six grades of condition, from the esteemed Old Cars Price Guide database. New information for the most recent model year will also be added to our new Old Car Report database.

Deja Vu. Have you ever had the feeling that you have experienced a sales and marketing challenge before, but were uncertain about what to do next? Have the conventional tools become less effective for you? You tried direct mail, networking, print advertising, and cold calling. Nothing seems to work anymore. Welcome to the "new normal." New and different marketing techniques are needed for you to remain competitive and to stay in business. This new landscape is very complex: Facebook, LinkedIn, and Twitter have replaced the water cooler as the customer hangout. E-mail marketing letters are often considered SPAM and don't even get opened. Bricks and mortar stores are now being trumped by websites that offer e-commerce, online chat, blogs, and deep discounts. Personal selling has never been harder since customers seem to hide behind voice mail and e-mail. Getting your website found in a Google search is increasingly difficult as the battle for keywords rages. You need to do something better and different --- you need "Deja NEW Marketing." John Bradley Jackson is Director of the Center for Entrepreneurship at California State University, Fullerton and is an expert in marketing, sales, and new venture creation. Known affectionately as "Professor JJ," Jackson brings street-savvy marketing and sales experience from both Silicon Valley and Wall Street. He is the author of "First, Best, or Different: What Every Entrepreneur Needs to Know About Niche Marketing." His resume includes public speaker, blogger, philanthropist, and horseman. He lives in Yorba Linda, California with his wife and three children.
