pronunciation is so close that a dictionary need only spell a word correctly to indicate its pronunciation. Modern English, however, displays no such consistency in sound and spelling, and so a dictionary of English must devote considerable attention to the pronunciation of the language. The English lexicon contains numerous eye rhymes

Guide to Pronunciation - Merriam-  
Webster

Pronunciation Guide for English In the English writing system, many of the graphemes (letters and letter groups) have more than one possible pronunciation. Sometimes, specific sequences of letters can alert the reader to the possible pronunciation required; for example, note the letter sequences shown as "hollow letters" in this guide as in

Manual of English phonetics (Book, 1994)  
[WorldCat.org]

Spoken English: A Manual of Speech and Phonetics is a book for students who wish to improve their pronunciation of English and acquire the correct patterns of stress, rhythm and intonation. Common errors that occur in the speech of Indian speakers of English are discussed and hints are provided so that students can work towards achieving international intelligibility.
