Join the Cryptokids as they apply basic mathematics to make and break secret codes. This book has many hands-on activities that have been tested in both classrooms and informal settings. Classic coding methods are discussed, such as Caesar, substitution, Vigenère, and multiplicative ciphers as well as the modern RSA. Math topics covered include: - Addition and Subtraction with, negative numbers, decimals, and percentages - Factorization - Modular Arithmetic - Exponentiation - Prime Numbers - Frequency Analysis. The accompanying workbook, The Cryptoclub Workbook: Using Mathematics to Make and Break Secret Codes provides students with problems related to each section to help them master the concepts introduced throughout the book. A PDF version of the workbook is available at no charge on the download tab, a printed workbook is available for \$19.95 (K00701). The teacher manual can be requested from the publisher by contacting the Academic Sales Manager, Susie Carlisle

Anyone who has even a passing acquaintance with Latin knows "Gallia est omnis divisa in partes tres" ("All Gaul is divided into three parts"), the opening line of De Bello Gallico, Julius Caesar's famous commentary on his campaigns against the Gauls in the 50s BC. But what did Caesar intend to accomplish by writing and publishing his commentaries, how did he go about it, and what potentially unforeseen consequences did his writing have? These are the questions that Andrew Riggsby pursues in this fresh interpretation of one of the masterworks of Latin prose. Riggsby uses contemporary literary methods to examine the historical impact that the commentaries had on the Roman reading public. In the first part of his study, Riggsby considers how Caesar defined Roman identity and its relationship to non-Roman others. He shows how Caesar opens up a possible vision of the political future in which the distinction between Roman and non-Roman becomes less important because of their joint submission to a Caesar-like leader. In the second part, Riggsby analyzes Caesar's political self-fashioning and the potential effects of his writing and publishing the Gallic War. He reveals how Caesar presents himself as a subtly new kind of Roman general who deserves credit not only for his own virtues, but for those of his soldiers as well. Riggsby uses case studies of key topics (spatial representation, ethnography, virtue and technology, genre, and the just war), augmented by more synthetic discussions that bring in evidence from other Roman and Greek texts, to offer a broad picture of the themes of national identity and Caesar's self-presentation.

The book explores the extent to which aspects of Julius Caesar's self-representation in his commentaries, constituent themes and characterization have been appropriated or contested across the English dramatic canon from the late 1500s until the end of the 19th century. Caesar, in his own words, constructs his image as a supreme commander characterised by exceptional celerity and mercifulness; he is also defined by the heightened sense of self-dramatization achieved by the self-referential use of the third person and emerges as a quasi-divine hero inhabiting a literary-historical reality. Channelled through Lucan's epic Bellum Civile and ancient historiography, these Caesarean qualities reach drama and take the shape of ambivalent hubris, political role-playing, self-institutionalization, and an exceptional relationship with temporality. Focusing on major dramatic texts with rich performance history, such as Shakespeare's Julius Caesar, Handel's opera Giulio Cesare in Egitto and Bernard Shaw's Caesar and Cleopatra but also a number of lesser known early modern plays, the book encompasses different levels of drama's active engagement with the process of reception of Caesar's iconic and controversial personality.

The second Oxford edition of Shakespeare's Complete Works reconsiders every detail of their text and presentation in the light of modern scholarship. The nature and authority of the early documents are re-examined, and the canon and chronological order of composition freshly established. Spelling and punctuation are modernized, and there is a brief introduction to each work, as well as an illuminating and informative General Introduction. Included here for the first time is the play The Reign of King Edward the Third as well as the full text of Sir Thomas More. This new edition also features an essay on Shakespeare's language by David Crystal, and a bibliography of foundational works.

During his lifetime, Caesar was regarded as one of the best orators and prose authors in Latin (even Cicero spoke highly of Caesar's rhetoric and style. Only Caesar's war memoirs The Gallic Wars and The Civil War have survived. These narratives were written and published annually during or just after the actual campaigns, as a sort of "dispatches from the front". A few sentences from other works are quoted by other authors. Among his lost works are his funeral oration for his paternal aunt Julia and his Anticato, a document written to defame Cato in response to Cicero's published praise. Poems by Julius Caesar are also mentioned in ancient sources. THE GALLIC WARS THE CIVIL WAR ON THE ALEXANDRINE WAR ON THE AFRICAN WAR ON THE HISPANIC WAR
