Robert Hughes on Barcelona's uniquely Catalan architecture

Robert Hughes was born in Australia in 1938. In 1970 he moved to the United States to become chief art critic for Time, a position he held until 2001. His books include The Shock of the New, The Fatal Shore, Nothing if Not Critical, The Culture of Complaint, Barcelona, Goya, Things I Didn’t Know, and Rome. He is a New York Public Library Literary Lion, and was the recipient of a number of literary awards and prizes, including two Frank Jewett-Mather Awards.

Barcelona by Robert Hughes, Paperback | Barnes & Noble®

Robert Hughes has been a regular visitor to Barcelona since the 1960s and published a book about the city in 1992 that was quickly hailed as a classic. In Barcelona the Great Enchantress, Hughes crafts a more personal tale of his nearly forty-year love affair with the Spanish metropolis, one of the most vibrant and fascinating cities in Europe.

Het epos van Barcelona : koningin der steden / Robert ...

Understandably wishing to replicate his deserved success with The Fatal Shore (1986), Hughes takes Barcelona chronologically. But where the Australian epic of the earlier book was one of remade identities and turbulent national narration, Hughes here is faced with more frozen layers of culture and provincial self-regard.

Hughes' short work conveys an admirably passionate relationship to a city that is disappearing and being replaced by another that is perhaps just as deserving of passion- and if not that, affection. The old Barcelona is one that he conveys something of, without burdening the book, and the reader with nostalgia.

A monumentally informed and irresistibly opinionated guide to the most un-Spanish city in Spain, from the bestselling author of The Fatal Shore. In these pages, Robert Hughes scrolls through Barcelona's often violent history; tells the stories of its kings, poets, magnates, and revolutionaries; and ushers readers through municipal landmarks that range from Antoni Gaudí's sublimely surreal cathedral to a postmodern restaurant with a glass-walled urinal. The result is a work filled with the attributes of Barcelona itself: proportion, humor, and seny—the Catalan word for triumphant common sense.

Links 1,500 years of Catalan history with the architecture, painting, sculpture, music, and poetry of Barcelona to pay tribute to the accomplishments of Catalunya culture

"Robert Hughes has been visiting Barcelona since the 1960s and he has written an epic tribute to a city he loves. He tells the story of the growth of this Mediterranean metropolis from its origins as a Roman colonial town to the twentieth century, examining its relationship to the rest of Catalunya, to Spain and to the wider European world. Much of Barcelona s history is reflected in its architecture and Hughes builds his history around the stones of the city but his account is also rich in political and military drama and the actions of remarkable personalities. He introduces the reader to Barcelona s painting, poetry, folklore, language, food and much more. He also addresses the paradoxical question of Catalan identity, a people simultaneously so Spanish and yet so un-Spanish. Hughes s Barcelona has become, as it deserves to be, the standard work on the city in English. "

Beginning with a vivid description of his wedding in the splendid medieval ceremonial chamber in Barcelona's city hall, Hughes launches into a lively account of the history, art, and architecture of the storied city. He tells of architectural treasures abounding in 14th-century Barcelona, establishing it as one of Europe's great Gothic cities, while Madrid was hardly more than a cluster of huts. The city spawned such great artists as Antoni Gaudí, Pablo Picasso, Joan Miro, Salvador Dali, and Pablo Casals. Hughes's deep knowledge of the city is evident—but it's his personal reflections of what Barcelona, its people, and its storied history and culture have meant to him over the decades that sets Barcelona the Great Enchantress apart from all others' books.

Robert Hughes has trained his critical eye on many major subjects, from the city of Barcelona to the history of his native Australia. Now he turns that eye inward, onto himself and the world that formed him. Hughes analyzes his experiences the way he might examine a Van Gogh or a Picasso. From his relationship with his stern and distant father to his Catholic upbringing and school years; and from his development as an artist, writer, and critic to his growing appreciation of art and his exhilaration at leaving Australia to discover a new life, Hughes' memoir is an extraordinary feat of exploration and celebration.

Catalogus van een tentoonstelling van werk van Catalaanse kunstenaars.

Presents a history of the Roman empire that provides coverage of an extensive range of topics from its government and architecture to its influence on culture and politics, sharing personal insights from the author's 1958 visit.

From Holbein to Hockney, from Norman Rockwell to Pablo Picasso, from sixteenth-century Rome to 1980s SoHo, Robert Hughes looks with love, loathing, warmth, wit and authority at a wide range of art and artists, good, bad, past and present. As art critic for Time magazine, internationally acclaimed for his study of modern art, The Shock of the New, he is perhaps America’s most widely read and admired writer on art. In this book: nearly a hundred of his finest essays on the subject. For the realism of Thomas Eakins to the Soviet satirists Komar and Melamid, from Watteau to Willem de Kooning to Susan Rothenberg, here is Hughes—astute, vivid and uninhibited—on dozens of famous and not-so-famous artists. He observes that Caravaggio was “one of the hinges of art history; there was art before him and art after him, and they were not the same”; he remarks that Julian Schnabel’s “work is to painting what Stallone’s is to acting”; he calls John Constable’s Wivenhoe Park “almost the last word on Eden-as-Property”; he notes how “distorted traces of [Jackson] Pollock lie like genes in art-world careers that, one might have thought, had nothing to do with his.” He knows how Norman Rockwell made a chicken stand still long enough to be painted, and what Degas said about success (some kinds are indistinguishable from panic). Phrasemaker par excellence, Hughes is at the same time an incisive and profound critic, not only of particular artists, but also of the social context in which art exists and is traded. His fresh perceptions of such figures as Andy Warhol and the French writer Jean Baudrillard are matched in brilliance by his pungent discussions of the art market—its inflated prices and reputations, its damage to the public domain of culture. There is a superb essay on Bernard Berenson, and another on the strange, tangled case of the Mark Rothko estate. And as a finale, Hughes gives us “The SoHoiad,” the mock-epic satire that so amused and annoyed the art world in the mid-1980s. A meteor of a book that enlightens, startles, stimulates and entertains.

A selection of the best writing by the most important--and thunderously outspoken--art and culture critic of our time, including approximately 125 never-before-seen pages from the unfinished second volume of his memoir, which he was working on at the time of his death in 2012. With an introduction by Adam Gopnik.

Robert Hughes begins where American art itself began, with the Native Americans and the first Spanish invaders in the Southwest; he ends with the art of today. In between, in a scholarly text that crackles with wit, intelligence and insight, he tells the story of how American art developed. Hughes investigates the changing tastes of the American public; he explores the effects on art of America's landscape of unparalleled variety and richness; he examines the impact of the melting-pot of cultures that America has always been. Most of all he concentrates on the paintings and art objects themselves and on the men and women - from Winslow Homer and Thomas Eakins to Edward Hopper and Georgia O'Keeffe, from Arthur Dove and George Bellows to Jackson Pollock and Mark Rothko -awho created them. This is an uncompromising and refreshingly opinionated exploration of America, told through the lens of its art.
