a very successful blog, she ' s his perfect choice to make the sale a smooth transition while ensuring the new owners will maintain the reputation and image of the upscale property after the sale. She arrives to find Alec has summoned two other women to help with the project. Lily Weaver was once Alec ' s assistant, and Willow Sanchez was like a daughter to him. They join forces to help him, lovingly accepting his nickname for them—the Desert Flowers, similar to the well-known Charlie ' s Angels of TV fame. When Rose is assigned to work alongside Hank Bowers, an independent consultant to the hotel company ' s team, she shudders at his reputation as an outgoing guy who always uses sports analogies

But Alec counsels her to give Hank a chance and, later, as they work together as a team, Rose is left to wonder if falling for one another is part of Alec's secret plan even if one of Hank's grown daughters fights the idea. A series for those who love stories about strong women facing challenges and finding love and happiness along the way. Three women--burdened with small children, unwieldy straw hats, and some obvious emotional issues--tumble onto the Nantucket airport tarmac one hot June day. Vicki is trying to sort through the news that she has a serious illness. Her sister, Brenda, has just left her job after being caught in an affair with a student. And their friend Melanie, after seven failed in vitro attempts, is pregnant at last--but only after learning that

Barefoot weaves these four lives together in a story with enthralling sweep and scope--a novel that is as fun and memorable and bittersweet as that one perfect day of summer.
