Being Country By Bobbie Ann

Just finished reading the book IN COUNTRY by BOBBIE ANN MASON. I read this book while listening to the audible version narrated by JILL BRENNAN. It is #43 in my AROUND THE YEAR IN 52 BOOKS CLUB (An underrated book, a hidden gem or a lesser known book). Samantha Hughes lives with her uncle, Emmett Smith, in a small Kentucky town.

In Country by Bobbie Ann Mason - Goodreads
...Life Beyond "Being Country" As an 11 year old girl growing up on a farm, Bobbie Ann Mason, remembers not wanting that life. She has bigger dreams and aspirations, such as being "...an airline stewardess." (137) These are the dreams of many young girls who are idealistic and want to spread their wings.

Being Country - Term Paper
Instead of working, Mason: Being Country Group 5 In "Being Country," Bobbie Ann Mason challenges the cultural paradigm of life on a farm in 1964 as it relates to the expectations of others, what others deem important, and the stereotypical role of women. Her mother's time owning. Prezi.

[Book] Being Country By Bobbie Ann
As shown in Bobbie Ann Mason’s “Being Country”, the story just shows that it’s normal to be envious of others and just look at positive things in their lives while ignoring the negative things. For example, when Mason’s family was having dinner, instead of looking at it like a feast because of the plentiful food her family had.

Being Country by Caitlin Wimberly - Prezi
Being born in the country or the city doesn't make people what or who they are, but how they are raised with morals and values makes the person who they become. Everyone in the world matters, not because of what they do, but by simply who they are. In her story “Being Country” Bobby Ann Mason writes about how it’s like to grow up country. The author describes how her mom uses the land to its full potential, including home grown...

In the summer of 1984, the war in Vietnam came home to Sam Hughes, whose father was killed there before she was born. The soldier-boy in the picture never changed. In a way that made him dependable. But he seemed so innocent. "Astronauts have been to the moon," she blurted out to the picture. "You missed Watergate. I was in the second grade." She stared at the picture, squinting her eyes, as if she expected it to come to life. But Dwayne had died with his secrets. Emmett was walking around with his. Anyone who survived Vietnam seemed to regard it as something personal and embarrassing. Granddad had said they were embarrassed that they were still alive. "I guess you're not embarrassed," she said to the picture. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

In this superb memoir, the bestselling author of In Country and other award-winning books tells her own story, and the story of a Kentucky farm family, the Masons of Clear Springs. Like Russell Baker's Growing Up, Jill Ker Conway's The Road from Coorain, and other classic literary memoirs, Clear Springs takes us back in time to recapture a way of life that has all but disappeared, a country culture deeply rooted in work and food and family, in common sense and music and the land. Clear Springs is also an American woman's odyssey, exploring how a misfit girl who dreamed of distant places grew up in the forties, fifties, and sixties, and fulfilled her ambition to be a writer. A multilayered narrative of three generations--Bobbie Ann Mason, her parents and grandparents--Clear Springs gracefully interlaces several different lives, decades, and locales, moving from the industrious life on a Kentucky farm to travels around the South with Mason as president of the Hilltoppers Fan Club; from the hippie lifestyle of the 1960s New York counterculture to the shock-therapy ward of a mental institution; from a farmhouse to the set of a Hollywood movie; from pop music concerts to a small rustic schoolhouse. Clear Springs depicts the changes that have come to family, to women, and to heartland America in the twentieth century, as well as to Bobbie Ann Mason herself. When the movie of Mason's bestselling novel In Country is filmed near Clear Springs, it brings the first limousines to town, even as it brings out once again the wisdom and values of Mason's remarkable parents. Her mother, especially, stands at the center of this book. Mason's journey leads her to a recognition of the drama and significance of her mother's life and to a new understanding of heritage, place, and family roots. Brilliant and evocative, Clear Springs is a stunning achievement.

"These stories will last," said Raymond Carver of Shiloh and Other Stories when it was first published, and almost two decades later this stunning fiction debut and winner of the PEN/Hemingway Award has become a modern American classic. In Shiloh, Bobbie Ann Mason introduces us to her western Kentucky people and the lives they forge for themselves amid the ups and downs of contemporary American life, and she poignantly captures the growing pains of the New South in the lives of her characters as they come to terms with feminism, R-rated movies, and video games. "Bobbie Ann Mason is one of those rare writers who, by concentrating their attention on a few square miles of native turf, are able to open up new and surprisingly wide worlds for the delighted reader," said Robert Towers in The New York Review of Books.

From the acclaimed author of the classics Shiloh and Other Stories and In Country comes a beautifully crafted and profoundly moving novel which follows a woman as she looks back over her life and her first love. Ann Workman is smart but naïve, a misfit who’s traveled from rural Kentucky to graduate school in the transformative years of the late 1960s. While Ann fervently seeks higher learning, she wants what all girls yearn for—a boyfriend. But not any boy. She wants the “Real Thing,” to be in love with someone who loves her equally. Then Jimmy appears as if by magic. Although he comes from a very different place, upper-middle class suburban Chicago, he is a misfit too, a rebel who rejects his upbringing and questions everything. Ann and Jimmy bond through music and literature and their own quirkiness, diving headfirst into what seems to be a perfect relationship. But with the Vietnam War looming and the country in turmoil, their future is uncertain. Many years later, Ann recalls this time of innocence—and her own obsession with Jimmy—as she faces another life crisis. Seeking escape from her problems, she tries to imagine where she might be if she had chosen differently all those years ago. What if she had gone to Stanford University, as her mentor had urged, instead of a small school on the East Coast? Would she have been caught up in the Summer of Love and its subsequent dark turns? Or would her own good sense have saved her from disaster? Beautifully written and expertly told, Dear Ann is the wrenching story of one woman’s life and the choices she has made. Bobbie Ann Mason captures at once the excitement of youth and the nostalgia of age, and how consideration of the road not taken—the interplay of memory and imagination—can illuminate, and perhaps overtake, our present.

Inspired by the wartime experiences of her father-in-law, Bobbie Ann Mason has crafted the haunting and profoundly moving story of an American World War II pilot shot down in Occupied Europe, and his wrenching odyssey of discovery, decades later, as he uncovers the truth about those who helped him escape in 1944. At twenty-three, Marshall Stone was a confident, cocksure U.S. flyboy stationed in England, with several bombing raids in a B-17 under his belt. But when enemy fighters forced his plane to crash-land in a Belgian field during a mission to Germany, Marshall had to rely solely on the kindness of ordinary Belgian and French citizens to help him hide from and evade the Nazis. Decades later, restless and at the end of his career as an airline pilot, Marshall returns to the crash site and finds himself drawn back in time, unable to stop thinking about the people who risked their lives to save Allied pilots like him. Most of all, he is obsessed by the girl in the blue beret, a courageous young woman who protected and guided him in occupied Paris. Framed in spellbinding, luminous prose, Marshall’s search for her gradually unfolds, becoming a voyage of discovery that reveals truths about himself and the people he knew during the war. Deeply beautiful and impossible to put down, The Girl in the Blue Beret is an unforgettable story—intimate, affecting, exquisite—of memories, second chances, and one intrepid girl who risked it all for a stranger.

A vibrant, sympathetic portrait of the once and future king of rock 'n' roll by the award-winning author of Shiloh and In Country To this clear-eyed portrait of the first rock 'n' roll superstar, Bobbie Ann Mason brings a novelist's insight and the empathy of a fellow Southerner who, from the first time she heard his voice on the family radio, knew that Elvis was "one of us." Elvis Presley deftly braids the mythic and human aspects of his story, capturing both the charismatic, boundary-breaking singer who reveled in his celebrity and the soft-spoken, working-class Southern boy who was fatally unprepared for his success. The result is a riveting, tragic book that goes to the heart of the American dream.

Kentucky native Nancy Culpepper boldly left home to attend school in Massachusetts, married a Yankee, and raised her son in the Northeast. “One day I was feeding chickens and listening to Hank Williams and the next day I was expected to know what wines went with what,” she tells her husband, Jack. Yet no matter where she travels, her rural southern heritage is never far from her thoughts, her habits, and her heart. Nancy is on a lifelong quest to understand her place in the world. Returning home to the family farm, she searches for photographic evidence of an ancestor bearing her own name. Still in her jeans, she brings home strange ideas and an assertiveness she learned up north. Always adventurous, Nancy travels far and wide—searching, seeking. The narrative sweep of her life traverses the turbulent sixties, the Vietnam War, the eighties and the foreboding death of John Lennon, and finally the new millennium—when a self-assured Nancy finally emerges. These humorous and often touching stories recount her courtship and marriage to Jack, her relationship with her precocious son, and the deep, loving bond between her parents, Spence and Lila Culpepper. Eventually Nancy’s marriage is threatened by a cultural divide that plagued her and Jack from the start. But when she inherits the Culpepper family farm and discovers more pieces of her ancestral puzzle, she realizes that her life is assuming its proper shape. Later, standing on a lonely mountain in England, she sees the world from a surprising perspective. Bestselling author Bobbie Ann Mason’s prizewinning Nancy Culpepper chronicles have appeared in The New Yorker, The Boston Globe, The Southern Review, and other distinguished literary anthologies. She has compiled these stories into one definitive collection, which includes the novella Spence + Lila, two new, never-before-published stories, and one Pushcart Prize winner. Heartfelt and thought-provoking, Nancy Culpepper is a poignant depiction of change and growth in a modern-day heroine.

FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD From prize-winning author Bobbie Ann Mason, a brilliantly wrought novel about the first woman to give birth to quintuplets in early 1900s America. Set in the apocalyptic atmosphere of 1900—a time when many Americans were looking for signs foretelling the end of the world—Feather Crowns is the story of a young woman who unintentionally creates a national sensation. A farm wife living near the small town of Hopewell, Kentucky, Christianna Wheeler gives birth to the first recorded set of quintuplets in North America. Christie is suddenly thrown into a swirling storm of public attention. Hundreds of strangers descend on her home, all wanting to see and touch the “miracle babies.” The fate of the babies and the bizarre events that follow their births propel Christie and her husband far from home, on a journey that exposes them to the turbulent pageant of life at the beginning of the modern era. Richly detailed and poignant, Feather Crowns focuses on one woman but opens out ultimately into the chronicle of a time and a people. Written in Bobbie Ann Mason's taut yet lyrical prose, the novel ranges from a peaceful farming community to a fire-and-brimstone revival camp, from traveling shows to the the nation's capital. Moving through the center of it all is Christie, a charming, headstrong, loving woman who struggles heroically to come to terms with the extraordinary events of her long life. Feather Crowns is an American parable of profound resonance. Spellbindingly readable, it is a novel of classic stature that confirmed Bobbie Ann Mason as one of America's most important writers.

Bobbie Ann Mason burst onto the American literary scene during a renaissance of short fiction that Raymond Carver called a "literary phenomenon." Anne Tyler hailed Mason as "a full-fledged master of the short story." Mason's work, charged with a spirit of exploration, garnered both popular and critical acclaim. This reader collects outstanding examples of Mason's award-winning work from throughout her writing career and provides a unique look at the development of one of the country's finest writers. Patchwork contains short stories first published in the New Yorker and other leading periodicals; chapters from Mason's acclaimed novels, including In Country, An Atomic Romance, and The Girl in the Blue Beret; and riveting excerpts from Mason's eclectic nonfiction. Some examples of Mason's recent explorations in flash fiction appear here in print for the first time. Mason's writing glows with a nuanced understanding of the struggles and pathos of American life in the twentieth and twenty-first centuries. George Saunders writes in his introduction, "Bobbie Ann Mason is a strange and beautiful writer.... Her stories exist to gently touch on, and praise, even mourn, what it feels like to be alive in this moment." Patchwork conveys Mason's extraordinary talent and range as a writer.

This provocative, rollicking story is the much-anticipated new novel—the first in over a decade—from acclaimed author Bobbie Ann Mason. In An Atomic Romance we meet Reed Futrell, a sexy, thoughtful hero who grapples with radioactive contamination, a midlife crisis, and string theory—all while falling in love. Reed is an engineer at a uranium-enrichment plant near a riverside city in heartland America. He has deep roots in this community: He was raised there; his father worked at the very same plant before him. And it was here that Reed met, married, and then divorced his wife. Reed spends countless nights camping at a local wildlife preserve, gazing at the stars, fishing and hunting—that is, until deformed frogs are discovered at the site. Though his father was killed in a tragic accident at the atomic plant years ago, Reed stays on, proud to perform demanding and dangerous work for the benefit of the nation. As for the radioactive “incidents” he has endured, Reed prefers to think about other things—Hubble photographs of distant galaxies, Albert Einstein, his dog. Reed’s casual attitude toward danger infuriates his on-again-off-again girlfriend, Julia, as much as his quirky mind and muscular body intrigue her. Julia, a biologist, is truly Reed’s match—or maybe more than his match. They both are

witty, curious, and fascinated by science. Indeed, their courtship began with banter about Stephen Hawking's theories of space-time, and ever since it has been an up-and-down adventure of sexual attraction, intellectual game-playing, and long silences when Julia refuses to return Reed's calls. When news reports reveal evidence of radioactive pollution in the land surrounding the plant, Reed and Julia's relationship faces an unprecedented challenge. In *An Atomic Romance*, Bobbie Ann Mason delivers a brilliant novel set against a backdrop of atomic power: a love story between a motorcycle-riding loner and an independent, strong-minded biologist; between the peaceful present in a typical American community and the nation's violent nuclear past; and, finally, between a good man and the work he takes pride in, though it may be putting his life in danger.
