television series *The Girls Next Door*, on which her life in the Playboy Mansion was documented. Kendra Wilkinson - Wikipedia In the ...

KENDRA BARES ALL Fans of the E! smash hit series *The Girls Next Door* fell in love with sporty Playboy beauty Kendra Wilkinson's care-free spirit, infectious laugh, and down-to-earth nature. Now that she's moved out of the world's most famous bachelor pad and into her own delightfully chaotic world on Kendra as wife to NFL star Hank Baskett and mother to their newborn son, we've watched her hilarious antics as she adjusts to domestic life. But how much do we really know about the fun-loving star? In this humorous and optimistic, sometimes heartbreaking, but always unflinchingly honest memoir, Kendra reveals the highs and lows of her extraordinary journey. She wasn't always the quintessential girl next door. Before she was a reality television superstar, Hugh Hefner's girlfriend, or one of the most popular Playboy cover models ever, Kendra was an athletic tomboy whose father walked out on her family when she was a little girl. She grew into a rebellious teenager with a serious drug habit before she quit cold turkey and beat the odds to graduate from a high school that almost didn't give her a second (or third, or fourth) chance. Following her rocky teenage years, an out-of-the-blue phone call from Hugh Hefner changed everything. Kendra dishes candidly about life in the Playboy Mansion: the sex, the parties, the show, and even her relationships with her *Girls Next Door* costars—Hef, Holly, and Bridget. She tells the true story about how she and Hank met and built a relationship in secret while she was still Hef's girlfriend and a public face of Playboy. Finally, she reflects on the slew of unexpected changes in the short space of a year that have brought her sliding into home from Playboy party girl to wife and mother with a blooming Hollywood career. If you think you've seen all of Kendra, think again. She's only warming up. . . .

In the intimate follow up to her New York Times bestselling memoir *Sliding Into Home*, Kendra Wilkinson reveals the naked truth about her life after Playboy—the secrets behind regaining her trademark sexy body, the trials of her life as a new mother, the tricks of sustaining her long-distance romance with Hank, and her busy adventures juggling the needs of her husband and baby with the demands of her hit TV career. As fans of *Dancing with the Stars* and *Girls Next Door* know, Kendra is able to tell it like it is, baring everything she's learned about love, hardship, body image, and perseverance, all with the infectious optimism that the world loves her for.

Kendra Wilkinson has revealed herself before—in the pages of Playboy and on her reality show, *Kendra*. Now she reveals her private side, sharing the ups and downs, and the joys and challenges, of motherhood, marriage, and life in the spotlight. Kendra confides her most candid thoughts and feelings on her experiences as a new mom, divulging her secrets on how to do it all and make it look easy, sexy, and fun—even when it's not. While *Being Kendra* is full of humor and true stories that women can relate to, it's also a heartrending look at Kendra's very personal journey through some dark places, including a private struggle with postpartum depression and a very public tussle with post-baby weight loss. This daring and honest memoir captures Kendra and her family in their best and worst moments as she lives, loves, rebounds, and ultimately finds her place in a new world.

The shocking, never-before-told story of the bizarre world inside the legendary Playboy Mansion—and, finally, the secret truth about the man

who holds the key—from one of the few people who truly knows: Hef's former #1 girlfriend and star of *The Girls Next Door* A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice's journey into Wonderland, after Holly plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show for four years—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Life inside the notorious Mansion wasn't a dream at all—and quickly became her nightmare. After losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex, the abuse, the infamous parties, and her real behind-the-scenes life with Bridget, Kendra, and, of course, Mr. Playboy himself. With great courage, Holly shares the details of her subsequent troubled relationship, landing her own successful television series, and the hard work of healing, including her turn on *Dancing with the Stars*. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

The #1 New York Times bestselling author returns with this candid, humorous, and captivating memoir chronicling her journey toward reinvention and self-acceptance. When you've come out the other side of the bizarre, twisted world of the Playboy mansion, where do you land? If you're Holly Madison . . . there's no place like Las Vegas! After making the sudden decision to reclaim her life, Holly broke free from the sheltered, deceptive confines of the mansion (which meant exiting a hit television show) and was determined to start her life over . . . from scratch. Without the security of a job or relationship, she set out to reinvent herself on no one's terms but her own. Deciding to roll the dice and begin again in the glamorous and dreamlike city of Las Vegas, Holly quickly realized that while she may have left her past in the rearview mirror, the labels and stereotypes that came from it weren't so quick to leave her. With a fierce commitment to take charge of her own narrative, Holly dives headfirst into a journey of self-discovery. After a whirlwind stint on *Dancing with the Stars*, she snags the coveted lead role in the Strip's hottest new burlesque spectacular and lands a reality series spotlighting her new life as a single woman. If her own television show and dream job as a showgirl weren't enough to keep her busy, Holly explores the decadent, exclusive inner-world of Sin City, navigating its social and dating scene with humor and heart. When it comes to romance, she is met with an eclectic cast of characters, from fame hounds to long distance loves to the occasional celebrity and more than one tabloid mishap. In this reflective, heartwarming memoir, Holly learns that each dating disaster holds an important, and in some cases difficult to face, lesson about herself. *The Vegas Diaries* is a comedy of errors, set against the glitz and glamour of the dazzling Vegas strip. Through the wild and crazy experiences on one young woman's quest to "have it all," Holly faces her fears, anxieties, and insecurities to discover that her journey to self-sufficiency is also her path to healing. Letting go of trying to prove herself to others, Holly finally gains the courage to confront her past—and in the process finds the life and love she deserves.

When this beach bunny caught the eye of Hugh Hefner at an L.A. nightclub, Izabella St. James was looking for a fun break from studying for the bar. As the latest Girlfriend of the Playboy founder, her "break" lasted two years, but life behind the gates of the Playboy Mansion was anything but fun. Sure there were parties, presents, puppies, and plastic surgery; but there was also a curfew, a strict regimen of who sits where on movie night, limited contact with the outside world, and a sex life that was anything but wild and crazy. While the E! reality show, The Girls Next Door, has been a ratings hit, each of the three Playboy Bunnies in the series has since left the Mansion in newsworthy ways: one is engaged to a football player, and Hugh's "main" Girlfriend has finally understood that there would be no fairy-tale marriage and family with the man she literally transformed her life for. Izabella was there to witness how each of these relationships formed, where each Girlfriend fell in the pecking - and bed - order, and when, exactly, the fabled life turned shabby and cheap. From catfights to sneaking in boyfriends, from high-profile guests in the Grotto to the bizarre rituals of the octogenarian at the center of the sexual revolution, Bunny Tales is compulsively readable and endlessly entertaining!

You are six years old. Every day after school your father takes you to a sprawling castle filled with exotic animals, bowls of candy, and half-naked women catering to your every need. You have your own room. You have new friends. You have an uncle Hef who's always there for you. Welcome to the world of Playground, the true story of a young girl who grew up inside the Playboy Mansion. By the time she was fourteen, she'd done countless drugs, had a secret affair with Hef's girlfriend, and was already losing her grip on reality. Schoolwork, family, and "ordinary people" had no meaning behind the iron gates of the Mansion, where celebrities frolicked, pool parties abounded, and her own father—Hugh Hefner's personal physician and best friend, the man nicknamed "Dr. Feel Good"—typically held court. Every day was a party, every night was an adventure, and through it all was a young girl falling faster and faster down the rabbit hole—trying desperately hard not to get lost.
