BMW R100 Conversion Information . Fitting a Different engine than norm to an Aeroplane is not easy, but is a lot easier to do, when somebody has done it before, and this is why I have put this info together from my own experience and info gathered from other people.

BMW R100 - AircraftGraphix.com

"Airhead" is slang for a BMW boxer (two-cylinders, opposed) air-cooled motorcycle equipped with a tunnel engine, manufactured between December 1969 (the beginning of the /5 series) and the end of production of this style of engine in 1995-1996. "Airhead" does not include other opposed cylinder twins, whether air-cooled or not.
