I have a project to build a financial model in Power BI. What I would like to know is that if there a way to select values from. many Slicer visuals and have power BI calculate numbers based on a measure, I set up. For example, let's say I have 3 slicer visuals. They all contain a value from 0 to 100.

Financial Models You
Can Create With Excel
Planning Your Model

As with all things
complex, the first step to
building a financial
model (“model”) is to

Get Free Building

carefully layout a blueprint. Unplanned, unanticipated structural changes midway through a modeling exercise can be time-consuming, confusing, and error-prone, especially if the model's adapter is not the same as its author.
