Building Peace Sustainable Reconciliation In

This United States Institute of Peace Press publication argues that building peace requires a comprehensive approach. It provides strategic and practical suggestions to help establish an infrastructure for sustainable transformation and address the immediate and deep-rooted needs of divided societies. Peacebuilding faces systemic issues of how to deal with the production, transfer, and ready availability of weapons, which fuel and make possible an extraordinary level of armed violence.

This book explores how competing worldviews impact on intergroup relations and building a sustainable peace in culturally diverse societies. It raises the question of what happens in a culturally diverse society when competing values and ways of interpreting reality collide and what this means for peace-building and the goal of reconciliation.
