The first title in an international blockbuster trilogy of brutal passion and grand adventure in ancient Greece. This is the story of a boy, born to a great king - Philip of Macedon - and his sensuous queen, Olympias. It tells of the stern discipline of Philip and the wild passions of Olympias, and how, together, they formed Alexander, a young man of immense, unfathomable potential, capable of subjugating the known world to his power, and thought of by his contemporaries as a god. Alexander's swift ascent to manhood, as a protégé of Aristotle and close friend of Ptolemy and Hephaestion, and the start of his great adventure to conquer the civilised world is recounted in this awe-inspiring novel. This is a wonderful evocation of the far-off and fascinating civilisation of ancient Greece, revealed in vibrant tones and scholarly detail.

The first volume in a trilogy about the life and times of Alexander the Great describes the youth of the young prince as he grows to manhood in the court of King Philip, under the tutelage of the noted philosopher Aristotle, avenges the murder of his father, and embarks on his epic quest to conquer the world. Reprint.

New York Times Bestseller and Man Booker Prize Finalist: A novel of ancient Greece by the author Hilary Mantel calls "a shining light." Alexander the Great stands alone as a leader and strategist, and Fire from Heaven is Mary Renault's unsurpassed dramatization of the formative years of his life. His parents fight for their precocious son's love: On one side, his volatile father, Philip, and on the other, his overbearing mother, Olympias. The story tells of the conqueror's two great bonds—to his horse, Oxhead, and to his dearest friend and eventual lover, Hephaestion—and of the army he commands when he is

barely an adult. Coming of age during the battles for southern Greece, Alexander the Great appears in all of his colors—as the man who first takes someone’s life at age twelve and who swiftly eliminates his rivals as soon as he comes to power—and emerges as a captivating, complex, larger-than-life figure. *Fire from Heaven* is the first volume of the *Novels of Alexander the Great* trilogy, which continues with *The Persian Boy* and *Funeral Games*. This ebook features an illustrated biography of Mary Renault including rare images of the author. “Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us.” Hilary Mantel

Continuing the epic saga of Alexander the Great. *The Sands of Ammon* brilliantly describes Alexander's quest to conquer Asia, the limitless domain ruled by the Great King of the Persians. In a seemingly impossible venture, Alexander and his men storm Persian fortresses and harbours, crippling King Darius' domination of land and sea. Even the legendary Haliacarnassus is defeated by the Macedonian armies. Ruthlessly, Alexander's war machine moves ever onward taking him up into the snow-covered Anatolian highlands, and ever closer to his destiny. But there is much danger ahead. Despite the defeat of Darius, the Island City of Tyre and the Towers of Gaza prove to be formidable obstacles. Undeterred, Alexander surges forth over land and sea to the mysterious land of Egypt. And there, in the sands, lies the Oracle of Ammon, waiting to reveal an amazing truth to Alexander. One that will change his already amazing life.

In Valerio Massimo Manfredi's *The Ends of the Earth* Alexander's epic quest continues through the heart of Asia and on towards the mystery of India. The Macedonian Army march in search of limitless glory, crushing resistance at every turn. The beauty of Babylon is ravaged, the Palace of Persepolis burnt to ashes. An empire is destroyed and a new and bloody era begins. But there are other things on the great conqueror's mind. An ambitious project to unite the peoples of the empire in one homeland begins to obsess him, until the curious beauty of Queen Roxanna gives Alexander the strength to fulfil his destiny . . . A truly compelling and romantic book and a breathtaking conclusion to the bestselling Alexander trilogy.

Written near the turn of the century, these works speak today in ways both remarkable and familiar.

The definitive guide to the life of the first woman to play a major role in Greek political history, this is the first modern biography of Olympias. Presenting a critical assessment of a fascinating and wholly misunderstood figure, Elizabeth Carney penetrates myth, fiction and sexual politics and conducts a close examination of Olympias through historical and literary sources, and brings her to life as she places the figure in the context of her own ancient, brutal political world. Individual examinations look at: the role of Greek religion in Olympias' life literary and artistic traditions about Olympias found throughout the later ancient periods varying representations of Olympias found in the major ancient sources. An absolutely compelling read for students, scholars, and anyone with an interest in Greek, Classical, or women’s history.

**NATIONAL BESTSELLER** “An incredibly gripping, moving, and literate work of art, rarely does an author manage to re-create a moment in history with such mastery, authority, and psychological insight.” Nelson DeMille At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . . “A novel that is intricate and arresting and, once begun, almost impossible to put down.” *Daily News* “A timeless epic of man and war . . . Pressfield has created a new classic deserving a place beside the very best of the old.” Stephen Coonts
