Crisis Communications In The Age Of Social Media
A construction jobsite is a " melting pot " of languages, customs, and perspectives—a cultural gumbo whose outcome is a building that stands for an age. This is collaboration made real. In the long run, it will not only rein in today ' s pandemic, but create a stronger industry with better communication for everyone on a jobsite.

Building Communication in the Age of COVID-19
Also another non verbal communication in this age is to use lots of facial expression as children will pick up the meaning of a word or what context it is meant in by facial expression as well as tone of voice. Younger children also benefit from the use of actions to go with words such as having a hand action for hello waving etc.
