"This Long Winter contains poems that are meditations on life in the rural world: reflections on hard work, aging, and the ravages of time-erasures that Sutphen attempts to ameliorate with her careful attention to language. These poems move us from delight in precise description to wisdom and solace in the things of this world. Noticing its details, the snowflakes, clementines, the lilies, the cardinal's call, is the key for this momentary stay against time that comes at us in a rush. The many mirror images in these poems point to the complexity and hard, loving work of really living in the world. And now, in the deep mid-winter, deep in the enforced slowdown of this pandemic, we need these poems to help us know what to do with the past and how to live and how to love"--

How do organizations structure themselves? A synthesis of the empirical literature in the field, supported by numerous examples and illustrations, provides images that produce a theory. The author introduces five basic configurations of structure - the simple structure, the machine bureaucracy, the professional bu- reaucracy, the divisionalized form, and the adhocracy. This book reveals that structure seems to be at the root of many questions about organizations and why they function as they do.

Your spirit is directly responsible for everything that happens in your life. Using the spirit as our chief means for achieving our goals in the world and for well being is what God intended for man. The Ancient Egyptians discovered the two elements that enable one to have full control over the operations of the spirit, 11 Divine Laws, and the words of power that correspond to the 11 chief faculties of the spirit (Ra) the Paut Neteru. This book is a full curriculum on how to use the faculties of the spirit and the 72 of their mantras (words of power) to awaken and develop the talents you need to excel in your career. You will also learn to protect yourself against spiritual attacks, unjust actions of others, unjust legal situations, theft, treachery, and so forth. This knowledge which was perfectly codified in Ancient Egypt has been kept secret by a few initiates for the past 2000 years for fear of repression, except for a few spurious publications here and there that failed to give the full explanation on how to use these words of powers. The time has come as has been announced by the advent of the winter solstice of 2012 for this knowledge to be placed in the hands of all spiritual people, that they may bring blessings to the world.
