Vibrant, game-changing CEO Lisa Messenger shares an insightful account of her rollercoaster ride as the creator and founder of the globally popular Collective Hub, the hip magazine of inspiration for disrupters and innovators of all stripes—with bold ideas on how you can stay on track and remain true to whatever your passion may be. Speaking to the new generation of innovators, game changers, and disrupters who want to succeed in a fast changing and often vexing world, Daring and Disruptive: Unleashing the Entrepreneur is a personal and honest chronicle of Lisa Messenger's various business endeavors, including her shrewd launch of her innovative entrepreneurial magazine, Collective Hub. Exuding honesty and energy, Lisa blends these wonderfully insightful stories with important business lessons she has learned along the way, such as how she empowered herself in ways that helped her harness her creativity, disrupt the system, and be fearless in all of her endeavors. Inspiring as well as instructive, Messenger's book offers up other big-think insights such as: -Invest in yourself -Know your "why" -Realize that failure is another word for experience -Break free of the traditional thinking around what a career should look like Whether you're a budding entrepreneur, corporate ladder-climber, or a seasoned business owner, Daring and Disruptive is a powerful and practical guide that can help you dig deep, stay on message, and stay true to your ideas in challenging times (so if you're thrown to the wolves, you'll have the strength to come out leading the pack).

The book that sparked a marketing revolution. "This is a subversive book. It says that the marketer is not--and ought not to be--at the center of successful marketing. The customer should be. Are you ready for that?" --From the Foreword by Malcolm Gladwell, author of The Tipping Point. Counter to traditional marketing wisdom, which tries to count, measure, and manipulate the spread of information, Seth Godin argues that the information can spread most effectively from customer to customer, rather than from business to customer. Godin calls this powerful customer-to-customer dialogue the ideavirus, and cheerfully eggs marketers on to create an environment where their ideas can replicate and spread. In lively detail, Godin looks at the ways companies such as PayPal, Hotmail, GeoCities, even Volkswagen have successfully launched ideaviruses. He offers a "recipe" for creating your own ideavirus, identifies

the key factors in the successful spread of an ideavirus (powerful sneezers, hives, a clear vector, a smooth, friction-free transmission), and shows how any business, large or small, can use ideavirus marketing to succeed in a world that just doesn't want to hear it anymore from the traditional marketers.

Disruptive technology is one of the defining economic trends of our age, transforming one major industry after another. But what is the true impact of such disruption on the world's economies, and does it really have the potential to solve global problems such as low growth, inequality and environmental degradation? The provocative answer is that such disruption could indeed solve many of these issues, but that it won't... at least, not on its current trajectory. A Good Disruption highlights some of the huge costs that are at stake, and argues that managing such disruption will be the defining business challenge of the next decade. In order for us to meet that challenge, the book sets out a bold and inspirational vision for a more robust and sustainable economic model. Rich in relevant case studies, and incorporating industry examples from around the world, A Good Disruption accomplishes the remarkable feat of synthesizing key contemporary trends into a coherent world view of how to seize the potential of our collective futures. This is essential reading for policy makers, politicians, business executives and social scientists, as well as anyone who wants a deeper understanding of the impact of disruptive technology and how it can be transformed into a major force for the global good.

Words kill, words give life; they're either poison or fruit--you choose! --Proverbs 18:21 (MSG) What words are you speaking into your life--words of faith or words of doubt? Are you enjoying the remarkable life God has for you, or is your mouth holding you back from a life filled with God's power and blessings? Open Your Big, Bold, Beautiful Mouth seeks to help you learn how to speak the words of faith that can move your life forward in a positive direction, with all the revolutionary results and blessings God has for you. Using the Scriptures along with real-life examples and experiences, this detailed, step-by-step teaching guide provides the principles, tools, and tangible practices you need to create the victorious life God has promised you. Arming yourself with God's Word allows you to overcome problems and challenges, unleash God's power and prosperity, produce results by speaking faith-filled commands, and count your blessings in a joy-filled life. Learn about the supernatural connection between your heart and your mouth, and find out how your words--working through the power of God--can create the life you want to live.

Many companies make disruption their goal. They believe that if they develop the right innovation, they will disrupt their markets forever and drive the kind of growth worthy of a magazine cover story. But as

bestselling author Charlene Li explains, that's not how disruption works. Disruption doesn't create growth; instead, growth creates disruption. Growth is always hard, and disruptive growth is exponentially harder. It requires companies to make tough decisions in the face of daunting uncertainties: Should we bet our company's future on next-generation customers or today's reliable ones? Should we abandon our current business model for an entirely new one? Making bold changes demands bold leadership and, often, massive cultural transformation. Over the years, Li has seen some organizations beat the odds and succeed at becoming disruptive: Adobe, ING Bank, Nokia, Southern New Hampshire University, and T-Mobile, among them. Their stories make it clear that organizations don't have to be tech start-ups or have the latest innovations to transform. What they need to do is develop a disruptive mindset that permeates every aspect of the organization. Li lays out how to do so by focusing on three elements: a strategy designed to meet the needs of future customers; leadership that creates a movement to drive and sustain transformation; and a culture that thrives on disruptive change. Drawing on interviews with some of the most audacious people driving disruptive transformation today, Li will inspire leaders at all levels to answer the call to lead disruptive transformation in their organizations, communities, and society.

From the author of *The Little Black Book of Innovation*, a new guide for using the power of habit to build a culture of innovation Leaders have experimented with open innovation programs, corporate accelerators, venture capital arms, skunkworks, and innovation contests. They've trekked to Silicon Valley, Shenzhen, and Tel Aviv to learn from today's hottest, most successful tech companies. Yet most would admit they've failed to create truly innovative cultures. There's a better way. And it all starts with the power of habit. In *Eat, Sleep, Innovate*, innovation expert Scott Anthony and his impressive team of coauthors use groundbreaking research in behavioral science to provide a first-of-its-kind playbook for empowering individuals and teams to be their most curious and creative—every single day. Throughout the book, the authors reveal a collection of BEANs—behavior enablers, artifacts, and nudges—they've collected from workplaces across the globe that will unleash the natural innovator inside everyone. In addition to case studies of "normal organizations doing extraordinary things," they provide readers with the tools to create their own hacks and habits, which they can then use to build and sustain their own models of a culture of innovation. Fun, lively, and utterly unique, *Eat, Sleep, Innovate* is the book you need to make innovation a natural and habitual act within your team or organization.

Until recently, evolutionary psychologists have considered human mating behavior to be universal and similar to other animals, painting a picture of human mating as visceral, animalistic, and instinctual.

But that's not the whole story. In courtship and display, sexual competition and rivalry, we are guided by Mating Intelligence, or the range of psychological abilities designed for sexual reproduction. In this book, psychologists Glenn Geher and Scott Barry Kaufman take a fascinating tour of the intersection of r sing and intelligence by drawing on cutting-edge research on evolutionary psychology, intelligence, creativity, personality, social psychology, developmental psychology, neuroscience, epigenetics, and more. This book will change the way you think about sex, dating, love, and the human mind.

From a co-founder of Pixar Animation Studios—the Academy Award-winning studio behind *Coco*, *Inside Out*, and *Toy Story*—comes an incisive book about creativity in business and leadership for readers of Daniel Pink, Tom Peters, and Chip and Dan Heath. NEW YORK TIMES BESTSELLER | NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Huffington Post • Financial Times • Success • Inc. • Library Journal Creativity, Inc. is a manual for anyone who strives for originality and the first-ever, all-access trip into the nerve center of Pixar Animation—into the meetings, postmortems, and “Braintrust” sessions where some of the most successful films in history are made. It is, at heart, a book about creativity—but it is also, as Pixar co-founder and president Ed Catmull writes, “an expression of the ideas that I believe make the best in us possible.” For nearly twenty years, Pixar has dominated the world of animation, producing such beloved films as the *Toy Story* trilogy, *Monsters, Inc.*, *Finding Nemo*, *The Incredibles*, *Up*, *WALL-E*, and *Inside Out*, which have gone on to set box-office records and garner thirty Academy Awards. The joyousness of the storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, in this book, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student at the University of Utah, where many computer science pioneers got their start, and then forged a partnership with George Lucas that led, indirectly, to his co-founding Pixar in 1986. Nine years later, *Toy Story* was released, changing animation forever. The essential ingredient in that movie’s success—and in the thirteen movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on leadership and management philosophies that protect the creative process and defy convention, such as:

- Give a good idea to a mediocre team, and they will screw it up. But give a mediocre idea to a great team, and they will either fix it or come up with something better.
- If you don’t strive to uncover what is unseen and understand its nature, you will be ill prepared to lead.
- It’s not the manager’s job to prevent risks. It’s the manager’s job to make it safe for others to take them.
- The cost of preventing errors is often far greater than the cost of fixing them.
- A company’s communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody.

Praise for BrandED "A great resource for educators who want to strengthen their connections with students, teachers, parents, and the wider community. These two innovative leaders don't just capture how to tell the story of a school—they show how to create it." —Adam Grant, New York Times bestselling author of *Originals* and *Give and Take* "Every day in every one of your schools, great things happen. How does your community know? Schools that are Future Ready boldly engage their community to build relationships and empower both students and families. Powerful yet practical, BrandED is the perfect resource to help your school share its story with the world." —Thomas C. Murray, Director of Innovation, Future Ready Schools "Eric and Trish demystify what it means to brand one's school by providing eight compelling conversations that not only lead to a deeper understanding of branding, but provide relevant ways for school leaders to frame their work... . In the vast sea of information in which we currently reside, using the BrandED Leadership methods described in this book will help school leaders reach their audiences in ways that create trusting relationships and loyalty." —Dwight Carter, Principal, New Albany High School "Disruption is the new normal. And the great disruptors of our time are shaping the culture itself in innovative ways. Eric and Trish's book BrandED sends a very compelling message to school leaders that developing and executing a smart, innovative brand strategy can disrupt the best practices' conventions of the existing school system. Like great disruptive brands from Apple to Uber, educators now have the ability to get the community engaged and immersed in the school's brand equity—and BrandED provides the roadmap for getting there." —Scott Kerr, Executive Director of Strategy and Insights, Time Inc. A brand is built around three key elements: image, promise, and result. The power of a brand to communicate all three elements is undeniable, and in today's digitally connected, social society, schools and school districts have a lot to gain by developing and promoting their own brand identities. BrandED is the groundbreaking guidebook for educators who want to enhance communication with students, parents, and stakeholders to create a transparent record of value. You know great achievements happen at your school. Unfortunately, many of those stories stop at the school doors. This hands-on guide from two rising stars in the education field, Eric Sheninger and Trish Rubin, empowers educators at all levels to take control of how the mission, values, and vision of their schools is communicated. An engaging collection of transformative conversations lead you to discover the opportunities and benefits of designing a brand for your school and sustaining a BrandED community to evangelize it. Even if you have no marketing experience, the easy-to-use framework takes you step by step through the nuances of spreading good news about your school and building relationships around those actions. Timesaving, practical advice prepares you to begin innovating at your school right away, and convenient tips and reflections at the end of each chapter make it easy to integrate the BrandED mindset and practices into your everyday routine. Don't let anyone crush your dreams! Whatever you want to achieve, no matter how hard it might seem, you owe it to yourself to read this book. Undaunted will inspire you to move past your fears and defy the doubters. It doesn't matter whether you feel confident; it matters what you actually do. Author Kara Goldin turned her unsweetened flavored water into one of the most successful beverage businesses of our time and has been named one of InStyle's Badass 50, Fast Company's Most Creative People in Business, Fortune's Most Powerful Women Entrepreneurs and EY Entrepreneur of the Year for Northern California. Undaunted is a rare opportunity to gain insights and proven advice unlike anything you'll find in the conventional business press. Kara combines real honest stories from her life with observations that might just change how you think about your own. Whether you want to get healthy, start a company, break an addiction, find a new career or just grow in life, Undaunted will inspire you to just go for it and help you find the courage to get there. As she started to achieve her goals, Kara found herself being called "fearless", "confident" and even "unstoppable," but nothing could be further from the truth. In Undaunted she shares real stories about her own fears and doubts, the challenges she encountered and what she did to overcome them to eventually build a great business and a life she loves. Her secret? Be Undaunted. Deal with your fears. Move forward despite uncertainty. Turn criticism into motivation. Just go for it! Setbacks will come, but Kara shows you can learn from failures and frustrations and keep advancing toward your true purpose. What if not having "the right" credentials or vast industry experience was the secret to making things happen? And what if we didn't let our fear of failure stop us? Part autobiography, part business memoir and lots of insights on self-development, Undaunted offers inspiring stories that impart lessons that any reader can apply to their own path. While most motivational business and life books try to offer quick fixes, Undaunted focuses on long-term success, showing you how to take control of breaking down barriers and moving forward. Undaunted won't solve your problems and challenges. You will. But it will help you see through other's experiences that it's possible to do so. Accept your fears, but decide to be Undaunted.
