Start with your work 401 (k) and invest at least enough to receive the full employer match. Then you (and your spouse if you're married) can invest up to \$5,500 a year in a Roth IRA. When you're out of debt and have an emergency fund with three to six months of expenses saved, start investing 15% of your gross income toward retirement.

How to Invest Money in 5 Simple Steps | DaveRamsey.com

Investing, however, isn't quite so simple. Most people have questions about when and how to invest their money, so here's an inside look at Dave Ramsey's investing philosophy. Just remember, investing is personal. A financial advisor or investment professional can help you create a retirement plan that's right for you.

Dave's Investing Philosophy | DaveRamsey.com

But remember—an investment calculator is not meant to replace the advice of a professional. If you need help with your investments, we recommend using an investment professional, someone who will help you understand what you're investing in. If that's your next step, we can help you connect with a pro near you.
