The Dictionary of the Old Testament: Pentateuch contains a wealth of important information for all students of this foundational portion of Scripture. The articles are all written by leading scholars in the field under the guidance of two preeminent Old Testament interpreters well known for their own work on the Pentateuch.

Exploring the major themes and issues of the Pentateuch, this encyclopedic work offers authoritative overviews, detailed examinations and new insights from the world of the ancient Near East. Edited by T. Desmond Alexander and David W. Baker.

Pentateuch: In exploring the major themes and issues of the Pentateuch, editors T. Desmond Alexander and David W. Baker, with an international and expert group of scholars, inform and challenge through authoritative overviews, detailed examinations and new insights from the world of the ancient Near East. The Dictionary of the Old Testament: Pentateuch is designed to be your first stop in the study and research of the Pentateuch, on which the rest of the Bible is built. Historical Books: This volume presents articles on numerous historical topics as well as major articles focused on the books of Joshua, Judges, Samuel, Kings, Chronicles, Ezra and Nehemiah. Other articles focus on the Deuteronomistic history as well as the Chronicler's history, the narrative art of Israel's historians, innerbiblical exegesis, text and textual criticism, and the emergence of these books as canonical. Wisdom, Poetry & Writings: This volume offers nearly 150 articles covering all the important aspects of Job, Proverbs, Ecclesiastes, Psalms, Song of Songs, Lamentations, Ruth and Esther. Over ninety contributors, many of them experts in this literature, have contributed to the Dictionary of the Old Testament: Wisdom, Poetry & Writings. - Publisher.

The writings of the prophets make up over a quarter of the Old Testament. But perhaps no other portion of the Old Testament is more misunderstood by readers today. For some, prophecy conjures up knotted enigmas, opaque oracles and terrifying visions of the future. For others it raises expectations of a plotted-out future to be reconstructed from disparate texts. And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future - nations streaming to Zion, a lion lying with a lamb, and endlessly fruiting trees on the banks of a flowing river. We might view the prophets as stage directors for Israel's unfolding drama of redemption. Drawing inspiration from past acts in that drama and invoking fresh words from its divine author, these prophets speak a language of sinewed poetry, their words and images arresting the ear and detonating in the mind. For when Yahweh roars from Zion and thunders from Jerusalem, the pastures of the shepherds dry up, the crest of Carmel withers, and the prophetic word buffets those selling the needy for a pair of sandals. The Dictionary of the Old Testament: Prophets is the only reference book of its kind. Not only does it focus exclusively on the prophetic books; it also plumbs their imagery of mountains and wilderness, flora and fauna, temple and Zion. It maps and guides us through topics such as covenant and law, exile and deliverance, forgiveness and repentance, and the Day of the Lord. Here the nature of prophecy is searched out in its social, historical, literary and psychological dimensions as well as its synchronic spread of textual links and associations. And the formation of the prophetic books into their canonical collection, including the Book of the Twelve, is explored and weighed for its significance. Then too, contemporary approaches such as canonical criticism, conversation analysis, editorial/redaction criticism, feminist interpretation, literary approaches and rhetorical criticism are summed up and assayed. Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament.

Edited by Bill T. Arnold and Hugh G. M. Williamson, the Dictionary of the Old Testament: Historical Books is the second volume in IVP's Old Testament dictionary series. This volume picks up where the Dictionary of the Old Testament: Pentateuch left off—with Joshua and Israel poised to enter the land—and carries us through the postexilic period. Following in the tradition of the four award-winning IVP dictionaries focused on the New Testament, this encyclopedic work is characterized by in-depth articles focused on key topics, many of them written by noted experts. The history of Israel forms the skeletal structure of the Old Testament. Understanding this history and the biblical books that trace it is essential to comprehending the Bible. The Dictionary of the Old Testament: Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel. The dictionary presents articles on numerous historical topics as well as major articles focused on the books of Joshua, Judges, Samuel, Kings, Chronicles, Ezra and Nehemiah. Other articles focus on the Deuteronomistic History as well as the Chronicler's History, the narrative art of Israel's historians, innerbiblical exegesis, text and textual criticism, and the emergence of these books as canonical. One feature is a series of eight consecutive articles on the periods of Israel's history from the settlement to postexilic period, which form a condensed history of Israel within the DOTHB. Syro-Palestinian archaeology is surveyed in one article, while significant archaeological sites receive focused treatment, usually under the names of biblical cities and towns such as Jerusalem and Samaria, Shiloh and Shechem, Dan and Beersheba. Other articles delve into the histories and cultures of the great neighboring empires—Egypt, Assyria, Babylonia and Persia—as well as lesser peoples, such as the Ammonites, Edomites, Moabites, Philistines and Phoenicians. In addition there are articles on architecture, Solomon's temple, agriculture and animal husbandry, roads and highways, trade and travel, and water and water systems. The languages of Hebrew and Aramaic, as well as linguistics, each receive careful treatment, as well as the role of scribes and their schools, and writing and literacy in ancient Israel and its environs. The DOTHB also canvases the full range of relevant extrabiblical written evidence, with five articles focused on the various non-Israelite written sources as well as articles on Hebrew inscriptions and ancient Near Eastern iconography. Articles on interpretive methods, on hermeneutics and on preaching the Historical Books will assist students and communicators in understanding how this biblical literature has been studied and interpreted, and its proper use in preaching. In the same vein, theological topics such as God, prayer, faith, forgiveness and righteousness receive separate treatment. The history of Israel has long been contested territory, but never more so than today. Much like the quest of the historical Jesus, a quest of the historical Israel is underway. At the heart of the quest is the history of Israel and the Old Testament's Historical Books is the struggle to come to terms with the conventions of ancient historiography. How did these writers conceive of their task and to whom were they writing? Clearly the Old Testament historians did not go about their task as we would today. The divine word was incarnated in ancient culture. Rather than being a dictionary of quick answers and easy resolutions readily provided, the DOTHB seeks to set out the evidence and arguments, allowing a range of informed opinion to enrich the conversation. In this way it is hoped that the DOTHB will not only inform its readers, but draw them into the debate and equip them to examine the evidence for themselves.

With this new volume, IVP's Black Dictionary series completes its coverage of the Old Testament canonical books. A true compendium of recent scholarship, the volume includes 115 articles covering all aspects of Isaiah, Jeremiah, Ezekiel, the twelve "minor prophets" and Daniel.

Tremper Longman III and Peter E. Enns edit this collection of 148 articles by over 90 contributors on Job, Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth and Esther.

Analyzes the meaning of Hebrew terms used in the Old Testament, considering their occurrences in ancient Near Eastern texts

Volume XII of the highly respected Theological Dictionary of the Old Testament expands the scope of this fundamental reference tool for biblical studies. Ranging from pasah, pesah ("Passover") to qûm ("stand, rise"), these eighty-six articles include thorough etymological analysis of the Hebrew roots and their derivatives within the context of Semitic and cognate languages, diachronically considered, as well as Septuagint, New Testament, and extracanonical usages. Among the articles of primary theological importance included in Volume XII are these: par'oh ("Pharaoh"), pasa, pesa; 'sin, offense, crime"), seba'ot ("Sabaot"), sadaq, sodeq, sedaqâ ("[be] righteous, righteousness"), qds, azodes ("holy"), and qahal ("congregation"). Each article is fully annotated and contains an extensive bibliography with cross-references to the entire series.

The Erdmans Dictionary of the Bible gathers nearly 5,000 alphabetically ordered articles that thoroughly yet clearly explain all the books, persons, places, and significant terms found in the Bible. The Dictionary also explores the background of each biblical book and related writings and discusses cultural, natural, geographical, and literary phenomena—matters that Bible students at all levels may encounter in reading or discussion. Nearly 600 first-rate Bible authorities have contributed to the Erdmans Dictionary of the Bible. Intended as a tool for practical Bible use, this illustrated dictionary reflects recent archaeological discoveries and the breadth of current biblical scholarship, including insights from critical analysis of literary, historical, sociological, and other methodological issues. The editorial team has also incorporated articles that explore and interpret important focuses of biblical theology, text and transmission, Near Eastern archaeology, extrabiblical writings, and pertinent ecclesiastical traditions—all of which help make the Erdmans Dictionary of the Bible the most comprehensive and up-to-date one-volume Bible dictionary on the market today.

2009 Christianity Today Merit Award winner! 2009 ECPA Gold Medallion (Bible Reference & Study) The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch, the histories or the prophets. The divine voice does not peal from Sinai, there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet. Here Scripture often speaks in the words of human response to God and God's world. The hymns, laments and thanksgivings of Israel, the dirge of Lamentations, the questionings of Qohelet, the love poetry of the Song of Songs, the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature. Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives. This third Old Testament volume in InterVarsity Press's celebrated "Black Dictionary" series offers nearly 150 articles covering all the important aspects of Job, Proverbs, Ecclesiastes, Psalms, Song of Songs, Lamentations, Ruth and Esther. Over ninety contributors, many of them experts in this literature, have contributed to the Dictionary of the Old Testament: Wisdom, Poetry & Writings. This volume maintains the quality of scholarship that students, scholars and pastors have come to expect from this series. Coverage of each biblical book includes an introduction to the book itself as well as separate articles on its ancient Near Eastern background and its history of interpretation. Additional articles amply explore the literary dimensions of Hebrew poetry and prose, including acrostic, ellipsis, inclusio, intertextuality, parallelism and rhyme. And there are well-rounded treatments of Israelite wisdom and wisdom literature, including wisdom poems, sources and theology. In addition, a wide range of interpretive approaches is canvassed in articles on hermeneutics, feminist interpretation, form criticism, historical criticism, rhetorical criticism and social-scientific approaches. The Dictionary of the Old Testament: Wisdom, Poetry & Writings is sure to command shelf space within arm's reach of any student, teacher or preacher working in this portion of biblical literature. Tremper Longman III and Peter E. Enns edit this collection of 148 articles by 90 contributors on Job,

Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth and Esther.
