Autumn 1960. Nikita Khrushchev is politically adept, visionary, and locked in a fight with the Politburo and a battle with Mao and the Chinese. His country and his political future are in trouble because he has opened doors to the West and espoused the doctrine of peaceful coexistence. Meanwhile, the arms race is crushing the Soviet economy and there is unrest throughout the Communist empire. Changes are imperative. The army must be reduced, money redirected to a consumer economy, and the US neutralized. But the old boars of the Red Army will not be easily displaced; its leaders are intent on saving their country from Khrushchev. A cabal of senior Red Army patriots are led by a man who the world thinks is Khrushchev's unswerving toady. The game is treason, and the tools are Albania's mad-dog leaders, for whom assassination is second nature. What begins subtly soon turns brittle. A rocket technician disappears before a major accident at the Soviet Space Center. In Belgrade a psychotic CIA agent escapes an ambush, vows revenge, and disappears. Khrushchev turns to the Special Operations Group, the elite hunting team featured in the author's prequel, THE BERKUT. In Washington the Bay of Pigs invasion is in the final planning stages, and its timing is tied to the missing CIA agent. He must be found. Two teams, one from Russia and one from the United States, begin a desperate hunt that leads them on an inward spiral toward each other and to a lethal showdown at the 1961 summit in Vienna. There they find themselves in an uneasy alliance as they race to find the American renegade and the Albanian death team, both groups pawns in a global chess game. With a vast canvas of disparate characters and events, The Domino Conspiracy is a coruscating tour de force. Breathhtakingly suspenseful, it lays open the myths of the Soviet monolith and reveals the delicate seeds of glasnost and perestroika, movements that were not to flower until three decades later. Readers know how the Soviet story ended; now they will see how it all began.

USA Today and New York Times best-selling author Cynthia Eden has a classic paranormal romance for readers in the mood to walk on the wild side. The big, bad wolf has BITE. No one messes with Lucas Simone. He's the alpha of the LA wolf pack. Bigger, badder, and one hell of a lot more dangerous than the other wolf shifters, Lucas is the monster in the dark. But when Lucas finds himself framed for murder, an unlikely savior appears at his jail cell. She'll give him an alibi. He'll give her pack protection. Sarah King is a desperate woman, and a desperate woman will do super desperate things!like pretend to be involved with super-hot and mega-scary Lucas. Sarah is struggling to hide her supernatural abilities from Lucas, but as her feelings grow for the sexy shifter, the harder it is for Sarah to keep her powers under wraps!and to keep her hands off Lucas. Maybe she can charm him into falling for her! Little secret!Sarah has been a fan of Lucas's for years, and when she discovers that an attack against him is imminent, she decides to help her hero. Another wolf alpha wants to take control of everything that Lucas possesses, and he is intent on burning down Lucas's world. But Lucas has never been afraid of a little fire. The attraction he feels for her is primal. Consuming. The wolf within him knows that he has found his mate, and Lucas will do anything to keep her at his side. Doesn't matter who he must fight, Lucas is ready for the battle. Sarah made a bargain with him, and now, she'll belong to Lucas!forever. Author's Note: You can't keep a wolf shifter from his mate, so don't even try. Prepare for a fierce alpha wolf and a heroine with a past cloaked in secrecy. They will fall fast and hard for each other, and when danger comes!things will just get hotter. NEVER CRY WEREWOLF was originally released as NEVER CRY WOLF back in June of 2011. The book has been updated and given a new cover. It's a classic read for fans of paranormal romance.

In 1936, a pulp writer going by the name of Lars Anderson created one of the few female heroines of the pulp era: the Domino Lady. Motivated by the murder of her father, young socialite Ellen Patrick dons a silky evening gown, a domino mask, and a cloak, pursuing high-society criminals. Soon, she finds herself entangled in an elaborate political machination with only her wits, sensuous beauty, and an automatic gun loaded with a knockout serum, to save her life and administrate her personal view of justice... Not a reprint, this version includes the re-edited classical tales along with: - a complete author bibliography - Lars Anderson, the Author - A restored version of the pulp original illustrations - New art

Energy sources are massively depleted. The government is wasteful and incompetent. The economy is imploding, the environment is toxic, and international terrorism threatens our day-to-day lives. And gum sucks. It just sucks. Who is responsible? Who made our world so dangerous, so unlivable, so stupid? Matthew Vincent is unafraid to name names. Who's to blame for the three-ounce rule on airplanes? Who came up with the bright idea of branding every single sports stadium? Who made curling an Olympic event? Which pope made celibacy mandatory? Who invented daylight saving time? (Who doesn't hate daylight saving time?) Here's a book that'll tell you who invented every unnecessary, annoying gadget that plagues modern life and haunts your dreams. It's a book to keep in your bathroom for perusal before you end up having to drink out of your toilet bowl because there's no potable water left in your hemisphere. Here's a book that'll tell you who ruined it for everyone.
