Bibliography on the  
Fatigue of  
Materials,  
Components and

2 is a list of  
references on the  
above subject  
spanning the years  
1951-1960. The list

of references is arranged chronologically according to the book's or paper's publication year. The Bibliography then lists the surname of the first author alphabetically in the respective year. When a paper gives no authors, it

is listed at the end of the alphabetical listing of that year, in order of the publication date.

The Bibliography also provides a subject and author index. The description that the volume uses is based on the titles of the paper or book. The text also
