Firefall From Hugo, Nebula, and John W. Campbell award-nominated author Peter Watts, Firefall is a far-future, science fiction saga of first contact with an alien species at the edge of the solar system-and of the evolution of humanity into a myriad of subspecies.

Macmillan: Series: Firefall
Watts is undoubtedly brilliant, although that doesn't make him necessarily right. He is a biologist with a PHD who seems somewhat bitter at what he perceives to be humanity's arrogant, self important view of the universe.

--Elizabeth Bear, author of Hammered "Peter Watts has taken the core myths of the First Contact story and shaken them to pieces. The result is a shocking and mesmerizing performance, a tour-de-force of provocative and often alarming ideas. It is a rare novel that has the potential to set science fiction on an entirely new course.
