## **Heartburn Nora Ephron**

Heartburn is an autobiographical novel based on Nora Ephron 's marriage to and divorce from Carl Bernstein, her second husband. Originally published in 1983, the novel draws inspiration from events arising from Bernstein's affair with Margaret Jay, the daughter of former British prime minister James Callaghan.

Nora Ephron, the writer of Heartburn, must not have had an annoying relative from Brooklyn to scare her straight. She married three different men, and, if you read her bio or some of her essays, you'll realize quickly that she was gung-ho about getting married, but never quite figured out the secret to staying married.
