Sadly, there's
an epidemic
going around.
The reason most
entrepreneurs,

a lack of
customers. If
you've ever
failed in your

own efforts to
start a business
or earn money on
the side, I'm
guessing that
was the root
cause. On top of
that, you're in

and you don't

the bad news.

The Answer The
good news is you
have more
opportunity
today to earn
income in your
spare time than
ever before. And
you don't need a

killer new
business idea or
millions of
dollars in

to do it. The
good news is
there isn't a
shortage of
customers.
They're out
there! This book
will share
specifics on how

to increase your
earning power—on
your own time,
on your own

without getting

We'll look at
real-life
examples of
people just like
you making it
happen. I'm
going to arm you

with dozens of income-generating ideas that don't require a ton of time or money to get started. And spoiler alert: there are no get-rich-quick schemes inside. Instead, you'll learn proven strategies for tapping into the

diversify your revenue sources, and reduce your reliance on your day job for your livelihood. Go
