Kodak

If you re just starting out in photography, there s a good chance that you ll be in the market for a comprehensive guide from the basics onward, much like the Kodak Guide to Digital Photography. The book manages to shoehorn a great deal of information on nearly every aspect of digital photography from a capture perspective, and even musters a short section on the digital darkroom for good measure.

Kodak Guide to Digital Photography - What Digital Camera

This isn't a book that is necessarily a stand-alone guide. Think of it as a quick reference to the bigger version. While this little book is a decent collection of quick tips for the field, if you're really serious about learning 35mm photography, get bigger Kodak guide as well.
