The authors present all basic management concepts and principles in "bite-size" chunks, 2- to 6-page sections, to optimize student learning and also emphasize the practicality of the subject matter. In addition, instructor and students are given a wealth of classroom-tested resources. Sample questions asked in the 4th edition of Management:

This guide describes how to use Rapid Assessment and Response (RAR) methods to both profile local substance use and sexual risk behaviours, and to identify appropriate intervention responses in time and resource-poor settings. It aims to: help identify the relationships between substance use and sexual behaviour in the local area; describe adverse health consequences associated with these behaviours; assess capacity and opportunities for intervention development. The guide also contains an overview of current research knowledge and a list of additional supporting resources.

A Practical Guide to Understanding, Managing and Reviewing Environmental Risk Assessment Reports provides team leaders and team members with a strategy for developing the elements of risk assessment into a readable and beneficial report.
