What is Management Science? (with picture)

ART on the other hand can be seen as a skillful way of doing things. Management as an art deals with the application of skills in the process of getting things done through people and available resources. On the other hand, as a science it deals with making decisions and implementing them based on the gathering of past and present data, analysing them and the correlation of such data in order to predict future occurrence.

Updates include: Two new chapters addressing multiple daily injections (MDI), continuous subcutaneous insulin infusion (CSII), pump therapy, continuous glucose monitoring (CGM) and intensifying therapy, pattern management, and data analysis.

ADCES Art & Science Reference 5th
Edition

The controversy with regard to the nature of management, as to whether it is an art or a science, is very old. This controversy,

Where To Download Management Science The

however, is not very much in the air now though the controversy is yet to be settled. It is to be noted that the learning process in art differs from that of science. Learning of art involves its continuous practice while learning of science basically involves the assimilation of principles.

Is Management an Art or Science - Discussion

Management is both science as well as art. Like science it has systematic and well-organised body of knowledge and like art it requires personal skill, creativity and practice to apply such knowledge in the best possible way. Science and art are not in contrast to each other; both exist together in every function of management.

Management as a Profession:
