Millon Clinical Multiaxial Inventory-III | Psychology Wiki ...

This Third Edition development of the MCMI-III adds the Grossman Facet Scales, a series of therapy-guiding facet subscales, to the basic personality scales of the instrument. These fact scales identify the most salient clinical domains (e.g., interpersonal, cognitive) that characterize the patient taking the inventory.

The Millon Clinical Multiaxial Inventory-III (MCMI-III) (2009)

The MCMI-III normative data (Millon et al., 1997) are very troubling for the Scale Z (Debasement). Given the apparently low prevalence of malingering in the normative group, the high correlations between Scale Z and clinical scales suggest serious confounds in the test development.

MCMI-III Critique

Millon Clinical Multiaxial Inventory-III (mcmi-iii)

(PDF) Millon Clinical Multiaxial Inventory-III (mcmi-iii ...

MCMI-III reports are normed on patients who were in the early phases of assessment or psychotherapy for emotional discomfort or social difficulties. Respondents who do not fit this normative population or who have inappropriately taken the MCMI-III for nonclinical purposes may have inaccurate reports.

MCMI-III Interpretive Report - Pearson Assessments
