43 Light St. Where suspense and romance meet He was the father of her unborn baby. The first time he touched her, Miquel Valero knew Jessie Douglas posed a danger to him and to herself. No matter how his body hardened for hers, he could never claim her or, like others in his life, she'd be killed. But on that hot, humid night when Jessie came to his aid, Miguel could no longer resist her. Just one night in her arms, then he'd send her away. But now, eight months later, Jessie is back and pregnant and the desperate killer is on their trail and closing in . " blistering romance and heart-in-your-mouth suspense." Melinda Helfer, Romantic Times

Corralled together for the first time comes an exciting collection of stories by Mike Stotter that captures the imagination of the American Old West. Ride the river with explorers Lewis and Clark, stand shoulder to shoulder with Big Foot Wallace when a Texas Ranger's recounts the Meir Expedition. The gold

mines of California bring out the worst in people and women are no different. A cattle baron abuses his political power for his own needs. Outlaws aren't always as they seem as one young man forced on to the owlhoot and through an act of kindness another follows a different path. Iconic themes of the Old West are given a new lease of life and you'll be exhausted at the end of your ride.

She needed protection for herself—and her baby... Kit Bannack had witnessed a murder and set a killer on her trail. Fortunately, the sexiest cowboy she'd ever seen kidnapped her for safekeeping. And while her handsome bodyguard kept her and her child out of harm's way, Kit was poleaxed by Luke St. John the man. He'd surely stolen her heart...forever. By night, Luke showered her with tender caresses. By day, he was consumed by his need to right a wrong. And Kit, loving this honorable man, knew he was everything she'd want...need...in a husband and father. But before they could be a family, they had to catch a killer...

This textbook provides interventional cardiologists, endovascular interventionalists, and physicians in training with a comprehensive resource on the prevention and management of complications in interventional cardiology. The book focuses specifically on risk factors, prevention, and management with conventional and/or with bailout techniques and devices. It includes many images of common and rare complications and of devices. The first section, on general principles, includes quality assurance, training requirements, legal considerations, adjunctive pharmacotherapy, and conscious sedation. Subsequent sections cover general complications of invasive procedures and complications of specific coronary interventions, noncoronary cardiac interventions, peripheral vascular procedures, pediatric interventions, and electrophysiology procedures. A companion website includes videos of over 30 complications and bailout techniques.
