The Mercury 115 FourStroke is quieter than a competitive 115hp four-stroke across the rpm band. At idle, the Mercury is four decibels quieter than the competition – the competitive outboard is 25% louder. At cruising speed, where normal conversations occur, the competitive outboard generates almost 15% more noise.

Re: Winterizing a Merc 90 hp 4-stroke Change lower unit lub and engine oil. If its carbureted, treat the fuel system and fog the the engine just like you did the two-stroke. If its EFI, you should check the owners manual but treating the fuel system with stabilizer such as SeaFoam and again fogging the engine should be all that's necessary.

Winterizing a Merc 90 hp 4-stroke | Boating Forum - iBoats ...
Mercury FourStroke outboard motors are incredibly powerful and efficient, and they feature a wide range of applications. Crafted for less weight and high displacement, they generate abundant torque and immediate power. And because they don ` t have to work as hard as heavier engines or those with lower displacement, they make boats plane faster and accelerate better, and they provide optimal fuel efficiency at cruising speed.
