time of gatherings in fabled apartments and conversations that continue long into the night. In this world of dinners, deals, and literary careers, Bowman finds that he fits in perfectly. But despite his success, what eludes him is love. His first marriage goes bad, another fails to happen, and finally he meets a woman who enthralles him—before setting him on a course he could never have imagined for himself. Romantic and haunting, *All That Is* explores a life unfolding in a world on the brink of change. It is a dazzling, sometimes devastating labyrinth of love and ambition, a fiercely intimate account of the great shocks and grand pleasures of being alive.
