We love the "My First" books by Joanna Bicknell! The Animals one is also a great book for kids! The Things That Go book is a smaller board book, which is the perfect size for a diaper bag, stroller, or car seat. My son is 2 and still enjoys looking at this book. Be prepared to read this one over and over!

My First Book About How Things Grow is the only workbook I could find for a 3 year old to introduce basic plant biology. We intend to use it as part of his geography/science learning time. When a child cannot write yet, stickers are a good way to do workbooks. Though this workbook is not perfect, I am grateful it is on the market for our family.
