This is a passionate love story; love between a man and two women, between father and son, and something even more demanding- a love of freedom.

Will, the narrator of this powerfully charged novel, discovers that his father, a political activist and local hero in their South African town, has become involved with a white woman. Wrenching, passionate, deeply resonant, My Son's Story evokes the inexorable yoking of the personal life and politics with uniquely moving force.

A schoolboy playing truant bumps into his revered father coming out of the cinema with a woman. An ordinary mishap; but the father is no ordinary man, and the family, threatened by the affair, is no ordinary family. This is a passionate story; love between a man and two women, between father and son, and something even more demanding - a love of freedom. It is a highly intimate drama of personal conflict and public struggle in the evolutionary events that, at great cost to people like these, have brought about change in South Africa.

This Is A Detailed Analysis Of The Novel My Son`S Story Which Generally Has Been Labelled Difficult And Opens Up Rich Insights Into Gordimer`S Mind And Art.

Set in South Africa, this is the story of Vera Stark, a lawyer and an independent mother of two, who works for the Legal Foundation representing blacks trying to reclaim land that was once theirs. As her country lurches towards majority rule, so she discovers a need to reconstruct her own life.

In this collection of sixteen stories, Gordimer brings unforgettable characters from every corner of society to life: a child refugee fleeing civil war in Mozambique; a black activist's deserted wife longing for better times; a rich safari party indulging themselves while lionesses circle their lodge. Jump is a vivid, disturbing and rewarding portrait of life in South Africa under apartheid.

For years, it has been what is called a 'deteriorating situation'. Now all over South Africa the cities are battlegrounds. The members of the Smales family - liberal whites - are rescued from the terror by their servant, July, who leads them to refuge in his native village. What happens to the Smaleses and to July - the shifts in character and relationships - gives us an unforgettable look into the terrifying, tacit understandings and misunderstandings between blacks and whites.

Nadine Gordimer is one of our most telling contemporary writers. With each new work, she attacks - with a clear-eyed lack of sentimentality, and an understanding of the darkest depths of the human soul - the inextricable link between personal life and political, communal history. The revelation of this theme in each new work, not only in her homeland South Africa, but the twenty-first century world, is evidence of her literary genius: in the sharpness of her psychological insights, the stark beauty of her language, the complexity of her characters and the difficult choices with which they are faced. In No Time Like the Present, Gordimer brings the reader into the lives of Steven Reed and Jabulle Gumedé, a 'mixed' couple, both of whom have been combatants in the struggle for freedom against apartheid. Once clandestine lovers under racist law forbidding sexual relations between white and black, they are now in the new South Africa. The place and time where freedom - the 'better life for all' that was fought for and promised - is being created but also challenged by political and racial tensions, while the hangover of moral ambiguities and the vast and growing gap between affluence and mass poverty, continue to haunt the present. No freedom from personal involvement in these or in the personal intimacy of love. The subject is contemporary, but Gordimer's treatment is timeless. In No Time Like the Present, she shows herself once again a master novelist, at the height of her prodigious powers.
