The basics of Kansas City-style barbecue are pretty easy to understand ' but there's a full, rich history behind it all.

Estimated to date back to the very early Jesus movement, the lost Gospel known as Q offers a distinct and remarkable picture of Jesus and his significance—and one that differs markedly from that offered by its contemporary, the apostle Paul. Q presents Jesus as a prophetic critic of unbelief and a sage with the wisdom that can transform. In Q, the true meaning of the "kingdom of God" is the fulfillment of a just society through the transformation of the human relationships within it. Though this document has never been found, John Kloppenborg offers a succinct account of why scholars maintain it existed in the first place and demonstrates how they have been able to reconstruct its contents and wording from the two later Gospels that used it as a source: Matthew and Luke. Presented here in its entirety, as developed by the International Q Project, this Gospel reveals a very different portrait of Jesus than in much of the later canonical writings, challenging the way we think of Christian origins and the very nature and mission of Jesus Christ.

Estimated to date back to the very early Jesus movement, the lost Gospel known as Q offers a distinct and remarkable picture of Jesus and his significanceand one that differs markedly from that offered by its contemporary, the apostle Paul. Rather than privileging Jesus' death and resurrection as the salvific events, highlighting his battles with demons, or concentrating on his messianic program of healing, this Sayings Gospel presents Jesus as a prophetic critic of unbelief and a sage with the wisdom that can transform. In Q, the true meaning of the kingdom of God is the fulfillment of a just society through the transformation of the human relationships within it: debt relief, mutuality and reciprocity, nonretaliation, and the total rejection of the long-standing Mediterranean honor and shame codes. Though this document has never been found, Kloppenborg offers a succinct account of why scholars maintain it existed in the first place and demonstrates how they have been able to reconstruct its contents and wording from the two later Gospels that used it as a source: Matthew and Luke. Presented here in its entirety, as developed by the International Q Project, this Gospel reveals a very different portrait of Jesus than in much of the later canonical writings, challenging the way we think of Christian origins and the very nature and mission of Jesus Christ.

Presents the original teachings of Jesus written by his contemporaries and early followers

The first book to give the full account of the lost gospel of Jesus' original followers, revealing him to be a Jewish Socrates who was mythologized into the New Testament Christ.

In this tour de force, the author offers a comprehensive introduction to the study of Q, the collection of Jesus' sayings long hypothesized as the source for the canonical gospels of Matthew and Luke. Part I deals with the methods for studying Q, their presuppositions, and a survey of current research. Part II addresses more theological and theoretical issues relevant to the Synoptic Problem, Q as a document, its redaction, and its social setting.

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

Throughout the history of Christianity, the four canonical gospels have proven to be vital resources for Christian thought and practice, and an inspiration for humanistic culture generally. Indeed, the gospels and their interpretation have had a profound impact on theology, philosophy, the sciences, ethics, worship, architecture, and the creative arts. Building on the strengths of the first edition, The Cambridge Companion to the Gospels, 2nd edition, takes account of new directions in gospels research, notably: the milieu in which the gospels were read, copied, and circulated alongside non-canonical gospels; renewed debates about the sources of the gospels and their interrelations; how central gospel themes are illuminated by a variety of critical approaches and theological readings; the reception of the gospels over time and in various media; and how the gospels give insight into the human condition.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Decades before our earliest preserved Gospels were first penned, the things Jesus said and did were passed down by word of mouth among his followers. However, by carefully comparing Matthew, Mark, and Luke, biblical scholars have discerned a written source even earlier than these texts: The Gospel commonly known as "Q," from the German word for "source." Written in Greek sometime between 50 and 70 CE, this collection of Jesus' teachings was used by the authors of Matthew and Luke. Following the meticulous reconstruction of Q by an international team of experts, this new translation highlights the wisdom of Jesus' prophetic message - the Gospel behind the Gospels.

Waiting to be rediscovered in the British Library is an ancient manuscript of the early Church, copied by an anonymous monk. The manuscript is at least 1,450 years old, possibly dating to the first century. And now, The Lost Gospel provides the first ever translation from Syriac into English of this unique document that tells the inside story of Jesus' social, family, and political life.The Lost Gospel takes the reader on an unparalleled historical adventure through a paradigm shifting manuscript. What the authors eventually discover is as astounding as it is surprising: the confirmation of Jesus' marriage to Mary Magdalene; the names of their two children; the towering presence of Mary Magdalene; a previously unknown plot on Jesus' life (thirteen years prior to the crucifixion); an assassination attempt against Mary Magdalene and their children; Jesus' connection to political figures at the highest level of the Roman Empire; and a religious movement that antedates that of Paul!the Church of Mary Magdalene.Part historical detective story, part modern adventure, The Lost Gospel reveals secrets that have been hiding in plain sight for millennia.
