The Ship of Theseus. From The If Machine by Peter Worley. When doing The Ship of Theseus chapter from The If Machine make the puzzle visual by assembling a model of the ship on the floor with some identical pencils and a piece of paper for the sail. As you explain the process of gradual change replace each pencil with another pencil creating a pile of the discarded pencils to one side of the ship.

The Philosophy Foundation - The Ship of Theseus

He did so with the help of the Greek hero Theseus and his famous ship. The concept goes like this: After a famous battle the legendary Theseus has his ship moored in a harbor as a museum piece. Over the years parts of the ships, such as the wooden planks, begin to rot and need to be replaced.

What Makes you YOU? The Paradox of Theseus's Ship ...

Not only do we get a novel, Ship of Theseus, purportedly by a "VM Straka" - about a man shanghaied onto a mysterious boat with a demonic crew - the copy in the reader's hand is heavily annotated by two other readers, Jennifer and Eric, who are attempting to make sense of the text and themselves, as well as the enigmatic figure of Straka himself. Interleaved into it are countless pieces of ephemera: postcards, telegrams, a map scribbled on a napkin from the Pronghorn Java coffee shop ...

"The ship wherein Theseus and the youth of Athens returned had thirty oars, and was preserved by the Athenians down even to the time of Demetrius Phalereus, for they took away the old planks as they decayed, putting in new and stronger timber in their place, insomuch that this ship became a standing example among the philosophers, for the logical question of things that grow; one side holding that the ship remained the same, and the other contending that it was not the same."

Identity, Persistence, and the Ship of Theseus

The Ship of Theseus is what it is by the individual parts that make it up. In this case, the second you removed the first wooden plank from the Ship, it ceased to be. But the individual atoms in the wood are forever changing, with the result that the Ship is never itself. The Ship of Theseus is what it is because of its structure.

The Ship of Theseus and Personal Identity

In a brilliant thought experiment known as The Ship of Theseus, or Theseus's paradox, outlined (though not for the first or last time) in his biographical masterwork Plutarch's Lives (free ebook | public library), Plutarch asks: If the ship on which Theseus sailed has been so heavily repaired and nearly every part replaced, is it still the same ship — and, if not, at what point did it stop being the same ship?

In the ship of Theseus paradox, according to MT1, A = C. This means that there are two ships. The ship Theseus began his voyage on is the exact same as the ship the scavenger comes in on (making these one ship), and then there is the ship Theseus came to port in, which was composed of new parts. However, there is a problem with this conclusion.

The Ship of Theseus: When is a ship no longer the same ship?

The ship of Theseus paradox is a great example to help us better understand this idea. This paradox goes something like this: "During the boat trips, the wood planks broke or rotted, so they had to be replaced. When Theseus returned home, the ship that docked in the port didn't have a single one of its original components.

Identity and the Ship of Theseus - Exploring your mind

The core story is the book itself, Ship of Theseus by V. M. Straka, published in 1949, which is a story about an amnesiac, known only as S., who's trying to figure out who he really is after waking up in a strange city. S. is then kidnapped and trapped on a mysterious boat and becomes involved in a conflict between a violent, oppressive industrialist and his rebellious workers.
