Sally Clarkson opens her heart within these pages, sharing what she has learned as a homeschooling wife and mother about herself, her children, and her Lord. This revised and expanded classic includes four new "ten years later" essays by Sally, one for each season of a mother's life, from the renewal of spring and the response of summer to the resolve of fall and the reflection of winter. Each of the twelve main chapters includes a brief Bible study, engaging small group discussion questions, and practical ideas for living the Word. So step in out of the whirlwind, pour a cup of tea, and take a deep breath of the Spirit with Sally.

For thousands of years and in a myriad of cultures, women have forged identity, unconditional love, and vast purpose in the calling of motherhood. From Eve to Sarah, from Ruth to Mary, the Scriptures are filled with the accounts of the heart of a mother who was given a divine opportunity to raise the next generation for the purposes and call of the Father. Inside the soul of every mother lies a heart that becomes a repository of sweet memories, hard lessons, glorious victories, ordinary days, glaring failures, and God's grace over the years of mothering. The heart of a mother becomes home to jokes around the dinner table, holiday traditions, the tears of childhood, and the love that only a mother knows. And this tender heart that has given birth to the future of mankind or has lovingly adopted the seeds of the next generation also develops rooms of unsurpassed greatness and quiet strength. These are the Rooms of a Mother's Heart. With her characteristic charm, joy, and biblical teaching that she shares like a good friend over a cup of coffee, Carol McLeod examines what it means to be a mother and offers tender encouragement to all women who accept that calling.

Motherhood is a season. The challenges of motherhood would not last a lifetime. The issues that are discussed in the book include: Self-Image Rebellious children Uncooperative husband Dealing with hurts In-laws relationship
