Of course, the fact that the Sony's were on sale for \$20 less than the JBL certainly swayed my decision some. The Sony SACS9 was delivered to my home late last week and I added it to my 5.1 system, which includes an Onkyo TX-NR656 receiver, a pair of Sony SSCS5 bookshelf speakers, and a Sony SSCS8 center channel speaker.

Whether you're aiming for YouTube videos or Hollywood-style epics, you need what Premiere Elements can't provide: crystal-clear guidance and real world know-how. This Missing Manual delivers. Packed with great ideas on how to spiff up your footage, this book helps you avoid the dreaded Help! I Never Do Anything With My Video syndrome. With this book, you'll learn how to use Premiere's two approaches to filmmaking: The quick-and-easy InstantMovie technique, and the classic, handcrafted approach for frame-by-frame editing with fine-tuned transitions, effects, and more. Premiere expert Chris Grover combines a touch of humor with insights, tips, and tricks culled from years of moviemaking experience to help you release your inner Scorsese. Create movies from start to finish with hands-on, step-by-step instructions Use InstantMovie to whip up a video ready for prime time Learn frame-by-frame editing to handcraft your story like the pros do Share your movie by saving it to disc, uploading it, or emailing it Add video effects that dazzle Use keyframes to precisely control cuts, special effects, and sound Tap Premiere's automated tools to analyze, organize, and rate your clips

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Organizational Leadership provides an accessible, critical and engaging analysis of what constitutes leadership today. Demonstrating leadership as an interconnected process between leaders, followers and context, the book ensures a rounded understanding of theory and practice to support students throughout their course and future career. Part 1: Contextualising Leadership examines the internal and external forces influencing leadership, addressing issues such as ethics, power, culture and innovation. Part 2: Leadership Theories reviews and analyses traditional and contemporary theories of leadership. Part 3: Managing People and Leadership builds on the idea of leadership as a human process and considers how complementary aspects of HRM can inform leadership practice and its outcomes on employees and organizational performance. Part 4: Contemporary Leadership considers topical issues including the shift of leadership studies towards followership, gender and leadership and pro-environmental leadership. Bringing complex theories and concepts to life through a range of case studies and examples, the book is further supported by a series of fascinating expert video conversations with those in leadership roles. From small social businesses to major multi-nationals, from the NHS to the frontline military teams, the videos offer a unique insight into the diverse reality of leadership in practice today.

This practical sourcebook has been specially prepared to give you an at-a-glance guide to quality video program-making on a modest budget. Emphasis throughout is on excellence with economy; whether you are working alone or with a small multi-camera group. The well-tried techniques detailed here will steer you through the hazards of production, helping you to avoid those frustrating, time-wasting problems, and to create an effective video program. For many years Video Production Handbook has helped students and program-makers in a wide range of organizations. Now in its thoroughly revised 3rd edition, Video Production Handbook guides you step-by-step, explaining how to develop your initial program ideas, and build them into a successful working format. It covers the techniques of persuasive camerawork, successful lighting and sound treatment, video editing...etc. You will find straightforward up-to-the-minute guidance with your daily production problems, and a wealth of practical tips based on the author's personal experience. In this extended edition, you will see how you can use quite modest chromakey facilities and visual effects to create the magic of virtual reality surroundings. Gerald Millerson's internationally acclaimed writings are based on a long and distinguished career with the BBC. His lecturing background includes TV production courses in the United States and UK. His other books for Focal Press have become standard works in a number of languages, and include his classic course text Television Production 13th ed, Effective TV Production 3rd ed, Video Camera Techniques 2nd ed, Lighting for TV and Film 3rd ed, Lighting for Video 3rd ed and TV Scenic Design.

With iPod and iTunes, Apple's gotten the world hooked on portable music, pictures, and videos. One thing they haven't delivered, though, is an easy guide for getting the most from your sleek little entertainment center. Enter iPod: The Missing Manual, 5th Edition-a book as breathtaking and satisfying as its subject. Our latest edition thoroughly covers the redesigned iPod Nanos, the video iPod, the tiny Shuffle and the overhauled iTunes 7. Each custom-designed page sports easy-to-follow color graphics, crystal-clear explanations, and guidance on the most useful things your iPod can do. Topics include: Out of the box and into your ears. Learn how to install iTunes, load music on your iPod, and how to get rid of that dang, flashing "Do not disconnect" message. Bopping around the iPod. Whether you've got a tiny Shuffle or a big-screen model you'll learn everything from turning your iPod off and on to charging your iPod without a computer. Special coverage for iPod owners with trickster friends: How to reset the iPod's menus to English if they've been changed to, say, Korean. In tune with iTunes. iTunes can do far more than your father's jukebox. Learn how to pick and choose which parts of your iTunes library loads onto your iPod, how to move your sacred iTunes Folder to a bigger hard drive, and how to add album covers to your growing collection. The power of the iPod. Download movies, play photo slideshows, find cool podcasts, and more: this book shows you how to unleash all your iPod's power. iPod is simply the best music player available, and this is the manual that should have come with it.
