Swarm is basically, in brief description, is somewhat plainly colored. Her main coloration is a dusty copper color spotted here and there with darker dull patterns along her scales only seen up close. Her wings are large and a little triangular in shape, flecked with warm black brown freckles along the glittering semi-transparent copper membrane as well as her neck, underbelly and snout like small 'swarms' of insects, which is certainly the reason for her eerie namesake.

offer the unique perspective of a participant in world affairs. London to Ladysmith and Ian Hamilton's March reflect his early career as a Boer War correspondent for London's Morning Post in 1899 and 1900. London to Ladysmith chronicles the Boer War's first five months, from the author's arrival in South Africa to his capture during a Boer ambush of an armored train. Churchill's gripping narrative of his escape from a prisoner-of-war camp traces a grueling journey across enemy territory and back to British lines. Ian Hamilton's March picks up the action immediately afterward, documenting the eponymous general's 400-mile advance from Bloemfontein to Pretoria. The march saw ten major battles and numerous skirmishes, culminating in the release of prisoners from the camp where Churchill himself was held. Written mostly in the field, this book offers a vivid, personal account of the conditions under which the Boer War was fought, as well as a fascinating look at the formative years of one of the twentieth century's preeminent leaders.

"London to Ladysmith via Pretoria" is a personal record of Winston Churchill's impressions during the first five months of the Second Boer War. It includes an account of the Relief of Ladysmith, and also the story of Churchill's capture and dramatic escape from the Boers. "Ian Hamilton's March" is a description of Churchill's experiences accompanying the British army during the Second Boer War, continuing after the events described in London to Ladysmith via Pretoria. Churchill had officially resigned from the British army in order to pursue a political career, but on hearing of the outbreak of war in South Africa between the British colonies and the free Boer states, immediately made arrangements to take part.
