Making a Study Guide. Some teachers give out study guides, but if your teacher hasn't it's a good idea to create your own. Whether it's a first test or a final exam coming up, creating a study guide helps you figure out what you already know and what you still need to study, focusing your efforts on the material you still haven't learned. At the same time, making a study guide is a form of studying itself, since it's a way of carefully reviewing all the material for a test.

By Elizabeth Kahn. It is a fact that even in the 21st century, students need to study and review information they've been taught in class. In fact, many scientific studies have asserted that learning doesn't take place without repetition. Study guides created by the teacher or student in the form of lists may help when a student is preparing to take a test but may not be the best route for learning.
