C. J. Fallowfield Gabe Austin is tormented by demons from his past. Blaming himself for his part in a tragic accident and abandoned by his father when he needed him most, he uses his charm, good looks and ripped physique to find temporary solace in an abundance of one night stands.

"Banter between the couples bought a smile to my face, plenty of sexy-times bought a blush to my cheeks, and a great Christmas story-line bought warmth to my heart." - Robinson Reviews. Two couples, Lulu and Luc Le Grand and their firm friends, Coco Barrella and Hunter Donovan, head to Paris for a romantic getaway at The Domville Hotel. Looking forward to good company, great food, and some steamy seasonal shenanigans away from the pressures of work, the last thing they expect is to be stranded there on Christmas Eve. Will the calm marital waters of the seemingly perfect Le Grand's relationship become choppy when they risk not making it home to their children for Christmas Day? And will "love to hate each other" couple Coco and Hunter grow closer in the city of love, or will they be pulled apart by the unintentional reminder of their failings as they compare themselves to their married friends? Featuring couples from C.J. Fallowfield's bestselling humorous erotic romance novels *The Temptress*, & *All That Glisters*, this festive erotic romance novella can be read as a standalone. It contains scenes towards the end of their stories, that weren't included in their novels. While not essential to have read either story, for the best reading experience I'd recommend that they're read in the order of *The Temptress*, followed by *All That Glisters*, then end with this novella. It also contains adult material and is strictly for the over 18's only.

"My two favorite things in one book - superheroes and romance - uh YES PLEASE!" -Literary George A seductress. A super brain. She's an indie operative who only works alone, stealing other super heroes' powers with a kiss and bringing down the bad guys. Those stolen powers add up to a crazy arsenal, but Temptress isn't built for super strength and shooting laser beams. Her body is falling apart and a teensy mission slip-up gets her tangled with the Manhattan Ten. He's the M10's leader. The man, the myth, the Mensa-conquering legend. Nothing escapes Thinktank's calculations... Until a run-in with Temptress leaves him powerless. Superpowers stolen with a kiss can only be returned with a kiss. Natural enemies can only get closer. And closer. And closer... It's love at first fight in the second volume of the Manhattan Ten Series. [A novella-length superhero romance of 30K words. Rated 18+ for adult language and some sexual content. Perfect reading for fans of Jennifer Estep's Bigtime series and Lexi Dunne's Superheroes Anonymous.] The Manhattan Ten Series: 1. An appreciation of Tagore's poetry & drama by one of his foremost students & critics.

Despite being a successful author of risqué romance novels, Charlie Faulkner had yet to star in her own love story. Drowning her sorrows in takeaway pizza, and at risk of getting wedged in her favourite writing chair, she despaired of ever finding the kind of all-consuming love that she wrote about in her books. When she did venture out of her writing cave, chaos and disaster followed, with many a trip to the emergency room of the local hospital. It was there she fell head over heels for the handsome doctor who often treated her, Guy Fitton. The trouble was that with her medical track record, she wasn't sure if he'd see her as a sexy, desirable temptress or just a crazy, accident-prone woman, with a medical file so heavy it needed its own trolley. Would Charlie get her "happy ever after" with Dr. Fitton or end up with the other significant male in her life, the pizza delivery guy?

Once she has a taste of what she's been missing, she finds it almost impossible to go back to her life as it was. It's been six months since Ellie last saw Dan in Scotland, having thrown herself into her new position at work to try and distract herself, she's finally feeling like she can move on. While out on a first date however, chance throws Dan right back into her path, reigniting all the feelings that she'd so desperately tried to suppress. When her date recognises him, and tells her who Dan really is, and what he knows of his past, Ellie automatically feels conflicted. While she's still not forgiven him for the secret he'd tried to keep from her, she knows deep down he's the man she wants. Once again, Brooke persuades her to book a flight to Scotland to confront him and get the truth, the whole truth and nothing but the truth. Will Dan's candid explanation resolve everything and pull them back together, or will his confessions prove insurmountable for Ellie and drive a final nail in their coffin? Book Two in the 31 Days Series, which should be read in sequence to avoid spoilers.

Two worlds. One glass wall. No turning back. The human race has been divided. The chosen few live in the safety of the domes, watching through their glass walls as those left on the outside suffer and die. But desperation has brought invention. New drugs have the ability to alter humans, giving them the strength to roam the poisoned night unafraid—but survival comes at a terrible price. Seventeen-year-old Nola Kent has spent her life in the domes, training to protect her little piece of the world within the glass. The mission of the domes is to preserve the human race, not to help the sick and starving. When the fate of an outsider child falls into her hands, Nola dares to venture beyond the security of her home, diving into a world of darkness and vampires. Life within the glass didn't prepare her for the realities of suffering or the depth of forbidden love. When blood washes over the domes, Nola must choose between her home and her heart. *Girl of Glass* is an action-packed dystopian tale. If you like romance, strong heroines, and a touch of paranormal danger, then you'll love joining Megan O'Russell's 150,000+ satisfied readers. Buy *Girl of Glass: The Complete Collection* and begin your binge reading today! Praise for *Girl of Glass* "Honestly, I have stayed up far too late reading this -

I read the entire book in a day.” – Boy of Blood Amazon Review “In this thrilling novel, Russell explores an apocalyptic world through the eyes of a girl who must find a way to bridge the gap between humans and monsters, all the while moving on from an uncertain life that knows nothing of sorrow.” – Girl of Glass Readers Favorite “A wild ride with strong emotions, real problems & hard choice solutions. Makes the pages fly. Creates a need to read the entire series to see what happens.” – Girl of Glass Amazon Review “I loved this book. It kept me on the edge of my seat as I was reading. Looking forward to reading the next one.” – Girl of Glass Amazon Review “A battle of what is right and what is needed by taking a stance against all odds.” – Boy of Blood Amazon Review “I don’t want to give too much away, so all I will say is this book is probably close to the perfect dystopian YA novel.” – Girl of Glass Amazon Review

Author Interview What inspired you to write Girl of Glass? I wanted to write a story that combines a mid-apocalyptic world with the excitement of the paranormal—weaving vampires, werewolves, and a touch of zombie action into a story about a girl living in privilege at the end of civilization. What makes Girl of Glass a different kind of dystopian tale? Most dystopian books are written from the point of view of the downtrodden. You’re seeing everything through the eyes of the people desperately trying to survive from day to day. Nola is one of the privileged few chosen to survive the apocalypse. Seeing the end of the world from the point of view of the chosen 1% helps to explore the question of what our obligation is to help those who suffer. Why would readers enjoy Girl of Glass: The Complete Collection? With a mix of romance, danger, vampires, and survival against terrible odds, Girl of Glass offers readers a unique story that will keep them up late, desperate to find out what comes next.
