2. Recording Vocals. Regardless of your musical style, vocal recording is the one skill that everyone wants to learn... Because its the one part of a song that ALL listeners pay attention. But unlike other instruments... Where the microphone positioning and recording technique lies in the hands of the engineer...

~~Audio Recording 101: A Beginner's Course for Home Studios~~

A real course on recording and mixing techniques. The 2 supplied CDs are full of examples (each one explained in the book) which let you listen to what happens when you do so and so. Of course is better for you to re-apply what you learn on your own gear, but listening to the CD is like attending a course with a teacher explaining.

~~Amazon.com: Customer reviews: The AudioPro Home Recording ...~~

the audio pro home recording course a comprehensive multimedia audio recording text excelled in showing basics like mike placement augmented with audio clips that let you hear what the text wrote about it started off too basic then built to great interest then faded fast with too much that was too basic and too little that was important like
