Vajratara argues that the real revolution is a revolution of mind, and it is the revolution of mind that creates a revolution in society. This is something Dr Ambedkar saw, and he built his revolution on that basis. Through education, self responsibility, and the Buddhist path, Dr Ambedkar changed society. He showed how Buddhism itself can be a force for goodness in the world; a peaceful revolution.

"The Buddha's teachings are not a philosophy or a religion; they are a call to action and invitation to revolution." Noah Levine, author of the national bestseller *Dharma Punx and Against the Stream*, is the leader of the youth movement for a new American Buddhism. In *Heart of the Revolution*, he offers a set of reflections, tools, and teachings to help readers unlock their own sense of empathy and compassion. Lama Surya Das, author of *Awakening the Buddha Within*, declares Levine to be "in the fore among Young Buddhas of America, a rebel with both a good cause and the noble heart and spiritual awareness to prove it," saying, "I highly recommend this book to those who want to join us on this joyful path of mindfulness and awakening."

Buddha was a revolutionary. His practice was subversive; his message, seditious. His enlightened point of view went against the norms of his day—in his words, "against the stream." His teachings changed the world, and now they can change you too. Presenting the basics of Buddhism with personal anecdotes, exercises, and guided meditations, bestselling author Noah Levine guides the reader along a spiritual path that has led to freedom from suffering and has saved lives for 2,500 years. Levine should know. Buddhist meditation saved him from a life of addiction and crime. He went on to counsel and teach countless others the Buddhist way to freedom, and here he shares those life-changing lessons with you. Read and awaken to a new and better life.

*Transforming the Heart: The Buddhist Way to Joy and Courage* is a practical and inspiring guide for developing our ability to be happy and benefit

others. It is a commentary on The Thirty-seven Practices of Bodhisattvas by Gyalsay Togme Sangpo. Studied by monastics and followers of all schools of Tibetan Buddhism, the root text gives, in 37 short verses, the essential practices leading to enlightenment. Gyalsay Togme Sangpo (1295-1369) was renowned as a bodhisattva in Tibet and revered for living according to the bodhisattva ideals and practices that he taught.

What's Wrong with Sex? How to Drive Your Karma Consciousness Commodified The Karma of Food The Three Poisons, Institutionalized Why We Love War These are just some of the chapters in this brilliant book from David R. Loy. In little time, Loy has become one of the most powerful advocates of the Buddhist worldview, explaining like no one else its ability to transform the sociopolitical landscape of the modern world. In this, his most accessible work to date, he offers sharp and even shockingly clear presentations of oft-misunderstood Buddhist staples—the working of karma, the nature of self, the causes of trouble on both the individual and societal levels—and the real reasons behind our collective sense of "never enough," whether it's time, money, sex, security... even war. Loy's "Buddhist Revolution" is nothing less than a radical change in the ways we can approach our lives, our planet, the collective delusions that pervade our language, culture, and even our spirituality.

The process by which this transformation occurs through chant, sermon, meditation, and the presence of charismatic monks is at the heart of this book."--BOOK JACKET.

Spiritual evolution takes a quantum leap in this tale of a future Buddha who embraces high technology to help liberate the world.

Best Spirituality Books of 2018 - Spirituality & Practice A little guide to cultivating tsewa: the loving warmth of heart from which the awakened mind arises--from the popular Buddhist teacher and author of The Intelligent Heart. This is a call to a revolution of heart. In Tibetan Buddhism, it is taught that one of the most essential qualities of enlightenment is tsewa, a form of warm energy and openness of heart. It is the warmth we express and receive through empathy with others, especially those closest to us. In this compact gem of a book, Dzigar Kongtrul opens the door to this life-changing energy and shows us how to transform our attitude toward ourselves and those around us through its practice. And through its practice, we can actually heal our fractured world. This is a guide to the building blocks of compassion and the purest and deepest form of happiness. And with these tools, we can awaken the most powerful force in the world—a tender, open heart.

Fueled by the music of revolution, anger, fear, and despair, we dyed our hair or shaved our heads ... Eating acid like it was candy and chasing speed with cheap vodka, smoking truckloads of weed, all in a vain attempt to get numb and stay numb. This is the story of a young man and a generation of angry youths who rebelled against their parents and the unfulfilled promise of the sixties. As with many self-destructive kids, Noah Levine's search for meaning led him first to punk rock, drugs, drinking, and dissatisfaction. But the search didn't end there. Having clearly seen the uselessness of drugs and violence, Noah looked for positive ways to channel his rebellion against what he saw as the lies of society. Fueled by his anger at so much injustice and suffering, Levine now uses that energy and the practice of Buddhism to awaken his natural wisdom and compassion. While Levine comes to embrace the same spiritual tradition as his father, bestselling author Stephen Levine, he finds his most authentic expression in connecting the seemingly opposed worlds of punk and Buddhism. As Noah Levine delved deeper into Buddhism, he chose not to reject the punk scene, instead integrating the two worlds as a catalyst for transformation. Ultimately, this is an inspiring story about maturing, and how a hostile and lost generation is finally finding its footing. This provocative report takes us deep inside the punk scene and moves from anger, rebellion, and self-destruction, to health, service to others, and genuine spiritual growth.
