## Abridged Edition Annals Of Communism Series

This is the first major study by a Russian Marxist historian of the most tragic and fateful year in the history of the Soviet Union. With an encyclopedic knowledge of Soviet source material, including archival documents released after the fall of the USSR, Vadim Rogovin presents a detailed and penetrating analysis of the causes, impact and consequences of Stalin's purges. He demonstrates that the principal function of the terror was the physical annihilation of the substantial socialist opposition to Stalin's bureaucratic regime.

The definitive work on Stalin's purges, the author's *The Great Terror* was universally acclaimed when it first appeared in

## Download Ebook The Road To Terror Stalin And The Self Destruction Of The

1968. It was "hailed as the only scrupulous, nonpartisan, and adequate book on the subject". And in recent years it has received equally high praise in the Soviet Union, where it is now considered the authority on the period, and has been serialized in Neva, one of their leading periodicals. Of course, when the author wrote the original volume two decades ago, he relied heavily on unofficial sources. Now, with the advent of glasnost, an avalanche of new material is available, and he has mined this enormous cache to write a substantially new edition of his classic work. It is remarkable how many of the most disturbing conclusions have born up under the light of fresh evidence. But the author has added enormously to the detail, including hitherto secret information on the three great "Moscow Trials," on the fate of the executed generals, on the

## Download Ebook The Road To Terror Stalin And The Self Destruction Of The

methods of obtaining confessions, on the purge of writers and other members of the intelligentsia, on life in the labor camps, and many other key matters. Both a leading Sovietologist and a highly respected poet, the author blends research with prose, providing not only an authoritative account of Stalin's purges, but also a compelling chronicle of one of this century's most tragic events. A timely revision of a book long out of print, this is the updated version of the author's original work.

This is a study of the structure of the Soviet Communist Party in the 1930s. Based upon archival and published sources, the work describes the events in the Bolshevik Party leading up to the Great Purges of 1937-1938. Professor Getty concludes

## Download Ebook The Road To Terror Stalin And The Self Destruction Of The

that the party bureaucracy was chaotic rather than totalitarian, and that local officials had relative autonomy within a considerably fragmented political system. The Moscow leadership, of which Stalin was the most authoritarian actor, reacted to social and political processes as much as instigating them. Because of disputes, confusion, and inefficiency, they often promoted contradictory policies. Avoiding the usual concentration on Stalin's personality, the author puts forward the controversial hypothesis that the Great Purges occurred not as the end product of a careful Stalin plan, but rather as the bloody but ad hoc result of Moscow's incremental attempts to centralise political power.

The definitive study of Nikolai Yezhov's rise to become the

# Download Ebook The Road To Terror Stalin And The Self Destruction Of The

chief of Stalin's secret police--and the dictator's "iron fist"--during the Great Terror Head of the secret police from 1937 to 1938, N. I. Yezhov was a foremost Soviet leader during these years, second in power only to Stalin himself. Under Yezhov's orders, millions of arrests, imprisonments, deportations, and executions were carried out. This book, based upon unprecedented access to Communist Party archives and Yezhov's personal archives, looks into the life and career of the enigmatic man who administered Stalin's Great Terror. J. Arch Getty and Oleg V. Naumov seek to answer a series of troubling questions. What kind of person calmly and efficiently sends thousands of innocent people to their deaths? What could prepare a man for such a role? How could a person whom acquaintances describe as friendly,

## Download Ebook The Road To Terror Stalin And The Self Destruction Of The

pleasant, and even gallant carry out one of history's most horrifying campaigns of terror? The authors uncover the full details of Yezhov's rise to power and conclude that he was not merely Stalin's tool but a skillful maneuverer in his own right. The historical documents provide a thorough portrait of Yezhov and reveal a man of fanatical dedication to his leader and his party--a man who became a willing murderer. Readers will find his story chilling, the more so in our own times, when the impulse to terror that engulfed Yezhov seems neither surprising nor unfamiliar.

This volume examines the bloodiest period of the Stalinist repression of political opposition in the Soviet Union, debunking the myth that the Great Purges were merely the

## Download Ebook The Road To Terror Stalin And The Self Destruction Of The

product of Stalins paranoia and had no overriding political logic. Through a meticulous examination of original sources, including archival documents only made available for research in the 1990s, Professor Vadim Rogovin argues that the ferocity of the mass repression was directly proportional to the intensity of resistance to Stalin within the Communist Party of the Soviet Union (CPSU), particularly the opposition inspired by and associated with the exiled Bolshevik leader Leon Trotsky.

An edited volume which brings together the work of the leading historians on the subject of Stalin's Terror in the 1930s, underpinning new, innovative approaches and opening new perspectives in the field.
