A story of hope, a story of survival, and an incredible journey of escape, 'The Unwanted' is the only memoir by an Amerasian who stayed behind in Vietnam after the fall of Saigon and who is now living in America.

Saigon fell to the Viet Cong on April 30, 1975. Kien Nguyen watched the last U.S. Army helicopter leave without him, without his brother, without his mother, without his grandparents. Left to a nightmarish existence in a violated and decimated country, Kien was more at risk than most because of his odd blond hair and his light eyes - because he was Amerasian. He was the most unwanted. Told with stark and poetic brilliance, this is a story of survival and hope, a moving and personal record of a tumultuous and important piece of history.

The author recalls his life as an Amerasian boy living in Saigon after the 1975 exodus of American troops and his long journey to the United States. 25,000 first printing.

From the author of critically acclaimed and bestselling memoir *Falling Leaves*, this is a poignant and moving true account of her childhood, growing up as an unloved daughter in 1940s China. A Chinese proverb says, "Falling leaves return to their roots." In her own courageous voice, Adeline Yen Mah returns to her roots to tell the story of her painful childhood and her ultimate triumph in the face of despair. Adeline's affluent, powerful family considers her bad luck after her mother dies giving birth to her, and life does not get any easier when her father remarries. Adeline and her siblings are subjected to the disdain of her stepmother, while her stepbrother and stepsister are spoiled with gifts and attention. Although Adeline wins prizes at school, they are not enough to

compensate for what she really yearns for -- the love and understanding of her family. Like the classic Cinderella story, this powerful memoir is a moving story of resilience and hope. Includes an Author's Note, a 6-page photo insert, a historical note, and the Chinese text of the original Chinese Cinderella. In the tradition of Don Brown's critically acclaimed, full-color nonfiction graphic novels *The Great American Dust Bowl* and Sibert Honor winning *Drowned City*, *The Unwanted* is an important, timely, and eye-opening exploration of the ongoing Syrian refugee crisis, exposing the harsh realities of living in, and trying to escape, a war zone. Starting in 2011, refugees flood out of war-torn Syria in Exodus-like proportions. The surprising flood of victims overwhelms neighboring countries, and chaos follows. Resentment in host nations heightens as disruption and the cost of aid grows. By 2017, many want to turn their backs on the victims. The refugees are the unwanted. Don Brown depicts moments of both heartbreaking horror and hope in the ongoing Syrian refugee crisis. Shining a light on the stories of the survivors, *The Unwanted* is a testament to the courage and resilience of the refugees and a call to action for all those who read.

Published in association with the United States Holocaust Memorial Museum, a riveting story of Jewish families seeking to escape Nazi Germany. In 1938, on the eve of World War II, the American journalist Dorothy Thompson wrote that "a piece of paper with a stamp on it" was "the difference between life and death." *The Unwanted* is the intimate account of a small village on the edge of the Black Forest whose Jewish families desperately pursued American visas to flee the Nazis. Battling formidable bureaucratic obstacles, some make it to the United States while others are unable to obtain the necessary documents. Some are murdered in Auschwitz, their applications for American visas still "pending." Drawing on previously unpublished letters, diaries, interviews, and visa records, Michael Dobbs provides an illuminating account of America's response to the refugee crisis of the 1930s and 1940s. He describes the deportation of German Jews to France in October 1940, along with their continuing quest for American visas. And he re-creates the heated debates among U.S. officials over whether or not to admit refugees amid growing concerns about "fifth columnists," at a time when the American public was deeply isolationist, xenophobic, and antisemitic. A Holocaust story that is both German and American, *The Unwanted* vividly captures the experiences of a small community struggling to survive amid tumultuous world events.

Based loosely on the life of the author's grandfather, a professional embroiderer in the court of the last king of Vietnam in the early 1900s, Kien Nguyen has reimagined his grandfather's amazing story to weave a tapestry of his own: this stunning and page-turning novel. Dan Nguyen is seven years old when he witnesses his father brutally beheaded by the mayor in a bid for power. Dan's wife, Ven, 20 years his senior, makes him promise to one day avenge his father's death. In order to protect him until he is old enough to defend his family's honor, Ven hides Dan as a servant in the house of the enemy -- and Dan falls in love with the one person he can never have, the mayor's beautiful granddaughter Tai May. Dan's journey from slavery into scandal, and finally to the royal court where he has the chance to win Tai May's heart, is a story of spellbinding drama and intrigue, and, ultimately, the story of a great love affair.

The author reminisces about his life, in a profile of a young man coming of age during the Vietnam War, chronicling his experiences as a former ROTC intelligence officer in command of a group of enlisted men on assignment in Vietnam.

A childhood in a privileged household in 1950s Havana was joyous and cruel, like any other-but with certain differences. The neighbour's monkey was liable to escape and run across your roof. Surfing was conducted by driving cars across the breakwater. Lizards and firecrackers made frequent contact. Carlos Eire's childhood was a little different from most. His father was convinced he had been Louis XVI in a past life. At school, classmates with fathers in the Batista government were attended by chauffeurs and bodyguards. At a home crammed with artifacts and paintings, portraits of Jesus spoke to him in dreams and nightmares. Then, in January 1959, the world changes: Batista is suddenly gone, a cigar-smoking guerrilla has taken his place, and Christmas is cancelled. The echo of firing squads is everywhere. And, one by one, the author's schoolmates begin to disappear-spirited away to the United States. Carlos will end up there himself, without his parents, never to see his father again. Narrated with the urgency of a confession, *WAITING FOR SNOW IN HAVANA* is both an ode to a paradise lost and an exorcism. More than that, it captures the terrible beauty of those times in our lives when we are certain we have died-and then are somehow, miraculously, reborn.
