Edward is kind-hearted and always keen to help a friend in need. The small engines trust him to lend a listening ear and sympathetic advice. He is a hard worker too, and always does his best to finish a job.

A new view of Jesus as a Buddha-like wisdom teacher who taught the transformation of consciousness—with traditional contemplative practices you can do yourself If you put aside what you think you know about Jesus and approach the Gospels as though for the first time, something remarkable happens: Jesus emerges as a teacher of the transformation of consciousness. The Wisdom Jesus provides a new perspective on Christ and an expansive interpretation of His message. Cynthia Bourgeault creates a masterful guide to Jesus's vision and the traditional contemplative practices you can use to experience the heart of his teachings for yourself.

"Drawing on resources as diverse as Sufism, Benedictine Monasticism, the Gurdjieff Work, and the string theory of modern physics, Cynthia Bourgeault has crafted her own unique vision of the Wisdom way in this very accessible book, nicely balanced between concept and practice." —Gerald May, senior fellow, Shalem Institute, and author, Addiction and Grace and Will and Spirit "The spiritual wisdom and practical suggestions in this lively and beautiful book will be helpful to many who find themselves setting out on the interior journey." —Bruno Barnhart, a Camaldolese monk and author, Second Simplicity: The Inner Shape of Christianity "Cynthia Bourgeault's book is a valuable contribution to the much-needed reawakening of spiritual practice within a Christian context. Her sincerity, good sense, metaphysical depth, and broad experience make her a source to be trusted." —Kabir Helminski, Sufi Shaikh, the Threshold Society

Centering Prayer and Inner Awakening is a complete guidebook for all who wish to know the practice of Centering Prayer.

In five interwoven meditations, Mystical Hope shows how to recognize hope in our own lives, where it comes from, how to deepen it through prayer, and how to carry it into the world as a source of strength and renewal.

What does it mean to follow the path of Christ today? For Jim Marion, former Catholic monk, mystic, and attorney, if you want to join the Christ in the Kingdom of Heaven, you must do so while living as a human on the Earth. It's not something that automatically happens to Christians after death, nor can the Church do it for you. Indeed, says Marion, inner spiritual growth has always been the true essence of Christian practice. Putting on the Mind of Christ is the ardent expression of a modern mystic reporting his spiritual experiences within a "Christ-focused" framework. Neither evangelist nor theorist, Marion is a Christian practitioner--he's simply done what the scriptures advise. For Christians who are disaffected with contemporary Christianity there is another way--Marion calls it the "old original way"-to experience the true spirituality of Christianity. Drawing upon his own rich mystical experience and deep understanding of scriptural models, Marion shows the reader how to emulate the developmental stages of the Christ--how to put on the mind of Christ to achieve spiritual illumination and communion with the Christ. Pioneering, transcendent and grounded, Putting on the Mind of Christ may permanently alter the landscape of 21st century Christianity.

Notebook Feature; Blank Line Notebook, 100 Pages, 6x9 Trim Size ,No Bleed ,Black And White Interior With White Paper, Its a sweet and gorgeous gift for your family members, friends ,neighbours etc

Renovation of the Heart is an influential contribution from the late Dallas Willard that continues to break ground twenty years after its first release. Helping us to understand how character is formed and where Jesus does his most significant work on our spiritual and emotional health, this book changed a generations mind about what it means to follow Jesus not a matter of sin management but a matter of drawing near and letting ourselves be shaped into the eternal people of God. With reflections on the books impact over its life from family, friends, and admirers of Dallas, and supplemental resources for the first time in print, Renovation of the Heart will continue its ministry of liberation-by-formation for years to come. Includes a foreword by John Mark Comer and an afterword by Natasha Sistrunk Robinson.

Father, Son, and Holy Spirit. In this formula that Christians recite as though on autopilot lie the secrets for healing our world, rekindling our visionary imagination, and manifesting the Kingdom of Heaven on earth. It ' s an astonishing claim, but one that is supported by

Cynthia Bourgeault's exploration of Trinitarian theology—and by her bold work in further articulating the deep truth it contains. She looks to the ancient concept in light of the ideas of G. I. Gurdjieff and Jacob Boehme to reveal the Trinity as the "hidden driveshaft" within Christianity: the compassionate expression of the Uncreated Reality in creation.

Mary Magdalene is one of the most influential symbols in the history of Christianity—yet, if you look in the Bible, you'll find only a handful of verses that speak of her. How did she become such a compelling saint in the face of such paltry evidence? In her effort to answer that question, Cynthia Bourgeault examines the Bible, church tradition, art, legend, and newly discovered texts to see what's there. She then applies her own reasoning and intuition, informed by the wisdom of the ages-old Christian contemplative tradition. What emerges is a radical view of Mary Magdalene as Jesus's most important disciple, the one he considered to understand his teaching best. That teaching was characterized by a nondualistic approach to the world and by a deep understanding of the value of the feminine. Cynthia shows how an understanding of Mary Magdalene can revitalize contemporary Christianity, how Christians and others can, through her, find their way to Jesus's original teachings and apply them to their modern lives.
