Michael Northrop (Author of Trapped) - Goodreads

TRAPPED is Michael Northrop's entry into the YA novel category, and it is a better-than-decent first book. I started out reading his book thinking I knew how it would all turn out - and in the overall scheme of the novel, I did. But what made this story a worthy adventure was in HOW Northrop drew out the story line, telling it from the viewpoint of a 15 year old student, an aspiring member of ...

The day the blizzard started, no one knew that it was going to keep snowing for a week. That for those in its path, it would become not just a matter of keeping warm, but of staying alive. . . . Scotty and his friends Pete and Jason are among the last seven kids at their high school waiting to get picked up that day, and they soon realize that no one is coming for them. Still, it doesn't seem so bad to spend the night at school, especially when distractingly hot Krista and Julie are sleeping just down the hall. But then the power goes out, then the heat. The pipes freeze, and the roof shudders. As the days add up, the snow piles higher, and the empty halls grow colder and darker, the mounting pressure forces a devastating decision. . . . Michael Northrop is the New York Times bestselling author of TombQuest, an epic book and game adventure series featuring the magic of ancient Egypt. He is also the author of Trapped, an Indie Next List Selection, and Plunked, a New York Public Library best book of the year and an NPR Backseat Book Club selection. An editor at Sports Illustrated Kids for many years, he now writes full-time from his home in New York City. Learn more at www.michaelnorthrop.net.

Life under the thumb of the Spark Lords -- the League's Earthly representatives -- is dull but comfortable for Philemon Abu Dhubhai and the other teachers at a third-rate private school for second-rate rich kids. But all that changes when a female student is found murdered by an unknown alien organism, and her boyfriend, the prime suspect, goes missing. Suddenly an unofficial homicide investigation has snared Philemon and five other "misfits" -- plus one of the planet's most powerful criminals, the mother of the murdered girl -- trapping them all in a web of terrifying conspiracy that could involve the Spark Lords ... and even the League of Peoples itself.

A thrilling survival story from Michael Northrop, the acclaimed author of TRAPPED. He couldn't sleep. That's how it all started. When Davey wakes, just as the sun is rising, he can't wait to slip out of the cramped hotel room he's sharing with his family. Leave it to his parents and kid brother to waste an entire day of vacation sleeping in! Davey heads straight for the beach, book and glasses in hand, not bothering to leave a note. As the sparkling ocean entices him, he decides to test the water, never mind that "No Swimming" sign. But as the waves pull him farther from shore, Davey finds himself surrounded by water -- and something else, too. Something circling below the surface, watching, waiting. It's just a matter of time. A troubled teen. A rescued Rottweiler. An unlikely friendship. Jimmer "JD" Dobbs is back in town after spending the summer "upstate." No one believes his story about visiting his aunt, and it's pretty clear that he has something to hide. It's also pretty clear that his mom made a new friend while he was away--a rescued Rottweiler that JD immediately renames Johnny Rotten (yes, after that guy in the Sex Pistols). Both tough but damaged, JD and Johnny slowly learn to trust each other, but their newfound bond is threatened by a treacherous friend and one snap of Johnny's powerful jaws. As the secrets JD has tried so hard to keep under wraps start to unravel, he suddenly has something much bigger to worry about: saving his dog. A crew of children must pilot a ship across unfamiliar seas while a strange creature lurks belowdecks in this fast-paced survival story from New York Times bestselling author Michael Northrop.

This debut YA novel combines the wrong-side-of-the-tracks edginess of books like THE OUTSIDERS and FREAK THE MIGHTY and the searingly honest storytelling of authors like Chris Lynch and John Green. Micheal, Tommy, Mixer, and Bones aren't just from the wrong side of the tracks--they're from the wrong side of everything. Except for Mr. Haberman, their remedial English teacher, no one at their high school takes them seriously. Haberman calls them "gentlemen," but everyone else ignores them--or, in Bones's case, is dead afraid of them. When one of their close-knit group goes missing, the clues all seem to point in one direction: to Mr. Haberman. Gritty, fast-paced, and brutally real, this debut takes an unflinching look at what binds friends together--and what can tear them apart.
