Adopted by the alpha of a werewolf pack after a rogue wolf brutally killed her parents right before her eyes, fifteen-year-old Bryn knows only pack life, and the rigid social hierarchy that controls it. That doesn't mean that she's averse to breaking a rule or two. But when her curiosity gets the better of her and she discovers Chase, a new teen

locked in a cage in her guardian's basement, and witnesses him turn into a wolf before her eyes, the horrific memories of her parents' murders return. Bryn becomes obsessed with getting her questions answered, and Chase is the only one who can provide the information she needs. But in her drive to find the truth, will Bryn push too far beyond the constraints of the pack, forcing her to leave behind her friends, her family, and the identity that she's shaped? An exciting new paranormal adventure, with a heroine that rivals Buffy, *Raised by Wolves* will leave you howling for more.

There can only be one alpha. Bryn is finally settling into her position as alpha of the Cedar Ridge Pack—or at least, her own version of what it means to be alpha when you're a human leading a band of werewolves. Then she finds a teenage boy bleeding on her front porch. Before collapsing, he tells her his name is Lucas, he's a Were, and Bryn's protection is his only hope. But Lucas isn't part of Bryn's pack, and she has no right to claim another alpha's Were. With threats—old and new—looming, and danger closing in from all sides, Bryn will have to accept what her guardian Callum knew all along. To be alpha, she will have to give in to her own animal instincts and become less human. And she's going to have to do it alone. Bryn faces both the costs, and the rewards of love and loyalty in this thrilling sequel to *Raised by Wolves*.

The third and final fast-paced installment in the popular *Raised by Wolves* series, called "the most compelling YA werewolf series out there" by *New York Times* best-selling author Melissa Marr. A rogue Were is killing humans, and Cedar Ridge is the center of the crisis. Bryn, human alpha of the Cedar Ridge pack, must meet with the Senate to deal with the problem. Though the subject is the rogue wolf, Bryn knows the other packs want what she has. Her territory. Her females. Her pack. They want her death. She could never survive a battle with another alpha, so she'll have to keep her wits about her as she navigates the fine line between helping the Senate and hurting her chances at keeping her lands, protecting her pack, and surviving.

Bryn, the new alpha of her werewolf pack, must deal with an opposing pack led by her friend when a runaway begs her for help and protection from abuse.

The first in *The Wolf Chronicles* trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, *Promise of the Wolves* is a historical adventure story in the tradition of *Clan of the Cave Bear* and *Watership Down*. Set 14,000 years ago in what is now Southern Europe, *Promise of the Wolves* is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking

expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind.

At seventeen, Bryn is has the usual schoolgirl worries: a new boyfriend, a new school and a new home. But she has one major concern that her friends don't have: she is an alpha - a human girl in charge of her own werewolf pack. When Bryn and her closest friends, Dev and Lake, broke from the werewolf Callum's pack, it had all felt right. Together with Chase, Bryn's new love, they had rescued some newly made female werewolves from a despicable master and established their own pack, with Bryn as leader. Yet Bryn has always resented the rules of Pack life - the constant bowing to authority, the submission to the alpha. And she is determined to live differently, to run this pack openly and justly. Then one night, a badly beaten werewolf shows up on her territory. He needs help, sanctuary, care. But taking him in could violate inter-pack rules, and no one knows better than Bryn the costs of challenging those rules. Obedience is law in Pack life, but Bryn is going to break the rules, again.

Abandoned by his pack, a baby wolf with a mysterious mark on his deformed paw survives and embarks on a journey that will change the world of the wolves of the Beyond.

Charismatic and powerful Lyceum Wolves' Alpha, Tristan Livingston, is out for revenge after a devastating attack on his pack. Not only did he survive a building collapse, he orchestrated the rebuild of his chic, state-of-the-art nightclub within a week. Determined to mete out justice, he rescues a beautiful witness who may be the key to helping him find the perpetrators. Dr. Kalli Williams, dedicated veterinarian, is hiding a secret that endangers not only her own life but the lives of wolves across the country. After being tortured by a savage vampire, she's reluctantly agrees to help the sexy Alpha in his quest to identify suspects; ones who'd kill her on the spot if they knew she existed. As

Kalli places herself in the hands of the dominant wolf, she soon finds she wants nothing more than to submit. Tristan, committed to ruling his pack as a lone wolf, is inexplicably drawn to the mysterious and enticing woman, who seems more than human, but not quite supernatural. As he discovers her secret, he teaches her the meaning of trust, helping her learn how to be true to her nature. After living a lifetime alone, will he succumb to the visceral need to claim her, acknowledging the soul binding connection between an Alpha and his mate? And will he prevail against the menacing enemy who threatens to destroy Lyceum Wolves? Warning: This book contains several erotic love scenes, including m/f/m menage, and is intended for adult readers only.

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In *How Big Is Your God?* Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.
