WINNER OF THE GUARDIAN FICTION PRIZE With an introduction by Ali Smith. When the love of your life dies, the problem is not that some part of you dies too, which it does, but that some part of you is still alive. "Known for her prodigious musical talent, her timeless blues narratives about personal and socioeconomic problems, her tough persona, and her innate ability to enrapture audiences with her raw voice, Bessie Smith—the Empress of the Blues—receives a unique biographical treatment in this special life narrative captured by one of Scotland's finest poets. By masterfully blending research, fiction, nonfiction, poetry, and her own experiences in listening to Bessie Smith, Jackie Kay brings Smith to life, chronicling her humble beginnings in Tennessee to her national touring and recording success to her troubled relationships and her tragic end. The result is a lyrical tribute that not only captures Smith's personality but manages to reproduce her voice as her lyrics echo throughout the text. Bessie Smith lives on, and as Kay argues, she is relevant now more than ever"—

With warmth, humor and compassion, an adult adoptee learns how to treasure her adoptive family while tracking down her birth parents—her Scottish Highland mother and Nigerian father—and discovers that inheritance is about more than genes.

Relates the remarkable story of Billy Tipton, a female jazz musician who lived as a man for nearly fifty years

This work tells the story of a black girl's adoption by a white Scottish couple. The story is told from three different viewpoints - the mother, the birth mother and the daughter.

Disappearing Men examines the complex and rebellious representations of gender in the work of several writers of 'devolutionary' Scottish fiction in the period 1979 to 1999. The study focuses on the context of a 'crisis in masculinity' accompanying the rapidly changing male role in the period, concluding that men often disappear from sight in this writing, highlighting issues of male insecurity and female disorientation in a new gender landscape. Hence the novels examined here by authors James Kelman, Jancie Galloway, Jackie Kay, A.L. Kennedy and Alan Warner, strongly challenge the stereotype of the Scottish 'hardman' and his dominance in 20th century Scottish fiction. Disappearing Men dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to. The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others. A sustained and intimate analysis, this monograph will be of crucial interest to those concerned with issues of gender and representation in our rapidly changing era.

'A stunner. I am heartbroken to have finished it' Ali Smith In Jackie Kay's first collection of stories, ordinary lives are transformed by secrets. Her world might seem familiar – sex, death and family cast long shadows – but the roles of mothers, daughters and lovers are imagined and revealed in the most surprising of ways. Sometimes it is the things that we choose to hide within ourselves which can transform us – and that has never been more true than in Jackie Kay's warm, exuberant storytelling. She sees the extraordinary in everyday life, and lights it up with humour and generosity in a way that is uniquely her own. 'If stories like these can still be written, the short story form must still be alive, not to say kicking' Irish Times
