### Oil Information - Tuff Torq Corporation

What interests me in the X370 is the K57 transaxle, which as I understand it, can be serviced, i.e. fluid can be drained and filled, and there is a replaceable filter on it. Those in the know correct me if I'm wrong, but it doesn't seem that the K57 is much if any more robust than the K46.

I have a Simplicity Prestige package #2690123 with a Tuff Torq transmission 71E-0014183. I believe this tractor is a 2002 with just over 1000 hours. My issue is my power steering via an Eaton 17 series torque generator, that has stooped working properly. I have replaced the torque generator with a new unit but this did not solve the issue.

John Deere Transaxle Replacement/Upgrade | MacRumors Forums

There is not an upgrade to the K57 from a K46. it used to be that an engineer at Tuff Torq had figured it out and kept up with parts changes and knowe which ones work with which transmission. However several years ago he retired and no one has taken up the mantel so it is not supported any longer.
