Study & Master Accounting Grade 10 has been especially developed by an experienced author team according to the Curriculum and Assessment Policy Statement (CAPS). The comprehensive Learner's Book includes: \* case studies which deal with issues related to the real world, and move learners beyond the confines of the classroom \* margin notes to assist learners with new concepts - especially GAAP flashes, that give learners guidance on General Accepted Accounting Practice \* examples with solutions after the introduction of each new concept. The Teacher's File includes: \* a daily teaching plan, divided into the four terms, that guides the teacher on what to teach per day and per week \* moderation templates to assist teachers with assessment \* solutions to all the activities in the Learner's Book. The CD-Rom with a PowerPoint presentation includes: \* interactive examples to explain new concepts \* links to all solutions to activities and assessments in the Learner's Book

It started with the Storms.The world got too hot too fast. The weather wrecked Hell on man's shiny, pretty civilization. With the heat and wet came bugs, with bugs came new diseases, and man's numbers and sanity dwindled.The survivors reformed governments like petty shadows of the world's old empires. They sought answers and justifications, they sought redemption for what they perceived as man's holy smiting.Welcome to the Arizona Reformed Theocracy, otherwise called The Zona.Here the Church rules with power absolute. The laws are simple, all sin is punished swiftly. Preachers enforce the Church's words like old West lawmen.But what happens when a Preacher refuses to kill? What happens when men of honor take a stand against their rulers?
