environment and fragility, will mark a turning of the tide in our consciousness, in the span of our response, in the way we give voice to place – and place to voice. (Her Excellency Ms Quentin Bryce, Governor-General of the Commonwealth of Australia) Since the Macquarie Dictionary was first published in 1981, its reputation as Australia's national dictionary has gone from strength to strength. It is now nationally and internationally regarded as the standard reference on Australian English. A comprehensive and up-to-date account of our variety of English, it not only includes all those words and senses peculiar to Australian English, but also those common to the whole English-speaking world.

This is one of six volumes that present the results of the PISA 2018 survey, the seventh round of the triennial assessment. Volume II, *Where All Students Can Succeed*, examines gender differences in student performance, and the links between students' socio-economic status and immigrant background, on the one hand, and student performance and well-being, on the other.
